## PITTSBURGH MAN KILLED AS CAR LEAVES MOUNTAIN ROAD

### SOME BIG NEWS DECLARES ROGERS; WINGLESS CHICKS

(Special To The News)  
BEVERLY HILLS, Cal., July 13.—The ugliest news that was in the papers yesterday was some fellow has experimented and is raising chickens that have no wings. That's a great gift to everybody that has to eat at the second table. Now if he can get rid of the necks and the gizzards we will class him along with Burdett and Edson.

This wonderful flight of the Angelino was no surprise to me, for I know no place where air is more buoyant than here.

Yours,

### PA NEW OBSERVES

Things are torn up over at the Chamber of Commerce in quite a fashion. The floors are being sanded and you know what that means—desks, files, chairs and all have been moved and are topsy-turvy.

New Castle's Elk Boy Scout troop are competing for honors today at Pittsburgh. The troop has the championship first aid team of this county and they are proving their prowess away from home today.

Today is the 13th, so watch walking under ladders and be on the lookout for falling horseshoes. It missed being Friday by a small margin.

Up at the motor club there was a violent green little book with the caption, "See Ireland First" on the cover. A dutchman got it.

People are still talking about the new money and everyone seems to want one of the new small bills. All persons having any of the old type and wish to rid themselves of them should put them in an envelope and address them to young P. A. New. He will make use of them.

Distribution of copies of the 1929 "Pennsylvania Highways" has just been made by the Pennsylvania department of highways. Within the 50-page edition can be found a mine of information of the historical points scenic areas and other facts of this commonwealth. Nothing would be more educational than to peruse the well written guide book.

Tar was being poured over the newly laid pavement on the North street bridge yesterday. Blocks are being placed along side the steel beam work in preparation for the concrete covering work.

Mike Sontanera, who lives on a farm situated on the Wampum-Koppel improved highway, reports that he already had several ripe tomatoes in his garden.

New Castle fire chief and police are certainly right in their attitude in taking to court the case against the youth charged with sending in a false alarm. There have been too many of these false alarms in New Castle and drastic measures are necessary to put a stop to the growing practice. Fire alarm boxes are for the protection and safety of the citizens of New Castle in time of emergency and tampering with them by irresponsible or misguided persons is not to be tolerated.

Lawrence county hunters will be gratified at the action of the state game commission in removing the ban.

### Daily Weather Report

Weather statistics for the 24-hour period ending at 9 o'clock this morning furnished by U. S. Weather Observer B. J. Johnson at the New Castle Water Co. pump station follow:  
Maximum temperature, 88.  
Minimum temperature, 68.  
Precipitation, .82 inches.  
River stage, 5.8 feet and falling.

### Car Swerves Off Mountain Road Along Tuscarora

Lincoln Highway Near Chambersburg, Scene Of Fatal Mishap

#### WOMAN PASSENGER MAY NOT SURVIVE

Believe Driver Was Taking Curves On Mountain Road Too Fast

(BULLETIN)

(International News Service)

CHAMBERSBURG, Pa., July 13.—Z. A. Gherman of Pittsburgh, district manager for the Metropolitan Life Insurance Company, was killed instantly and his companion, Mrs. Fay Weinbraun, of Midland, Pa., was probably fatally injured early today when the car in which they were riding swerved from the road at a sharp curve and plunged down the side of Tuscarora Mountain, near here.

Mrs. Weinbraun was rushed to the Chambersburg hospital where attaches said her condition was "very serious."

On Lincoln Highway  
The accident occurred on the Lincoln Highway which weaves around the mountain. Gherman was driving the car and apparently failed to slow down sufficiently to make the curve. The machine toppled over the mountainside, turning over twice and pinning Gherman beneath it.

Mrs. Weinbraun and Gherman were enroute to New York to bring Mrs. Gherman, who had been ill in that city, to her home in Pittsburgh.

Gherman's body will be sent to Pittsburgh for burial.

Speed Action On  
Tariff Hearings

Chairman Smoot Declines To Be Lined Up For Out In Rates

#### SAYS U. S. HIT BY MANY OTHER NATIONS

(International News Service)

WASHINGTON, July 13.—Speeding up action on the tariff bill, the Senate Finance Committee prepared to close hearings on specific rate pleas today to permit the entire committee to hear proposals for changes in the administrative sections on Monday.

Senator Smoot (R) of Utah, chairman, responding to the time the Senate recesses August 19, divided the free list hearing among sub-committees to save time.

The committee now plans to rush its hearing on the administrative features with a view of closing them during next week. Republican members will then begin actual writing of rates in secret.

Smoot Keeps Silence  
Chairman Smoot declined to join with Senators Watson (R) of Indiana, Reed (R) of Pennsylvania and Edge (R) of New Jersey, all regular Republicans, in declaring that some rates in the house bill must be reduced. Aside from his proposal for providing a sliding scale, the Utah senator has given no hint of his attitude on the Hawley measure.

He continued, however, to assail the protests of 25 foreign nations against the house rates, declaring that he can show that the United States is hampered by higher tariffs in many foreign countries than it imposes. He cited the Australian preferences for English manufacturers, which he said, put Americans at a great disadvantage.

Some members of the Senate Finance Committee appeared disturbed over the protest of Canada delivered verbally to the State Department. The protest carried with it a veiled threat.

### Culver City Fliers Taking Long Rest After Record Flight

Pair Land Plane After Being In Air For 246 Hours Continuously

#### "Wobbly Tail" On Plane Is Cause Of Completion Of Epochal Flight

(International News Service)

CULVER CITY, Cal., July 13.—Exhausted from ten days and nights in the air, Loren Mendell and R. B. Reinhart, world's champion, endurance fliers, today were stretched out in clean sheets in cots at the Culver City Community hospital after establishing a continuous flight record of 246 hours, 43 minutes and 32 seconds.

Traveling long enough to have circled the globe, they exceeded the endurance record set last week at Cleveland by more than 72 hours.

The single-motored Angelino was in a hangar at the Culver City Airport, and mechanics were looking over the second-hand motor to ascertain how it withstood the record-smashing grind.

Dr. Frederick Rhodes, who examined the pilots, said he found them in far better condition than might be expected, but "with pulse a bit fast, blood pressure slightly high and temperature a fraction of a degree subnormal."

"But," added the doctor, "they'll be as good as new after they have a sleep."

Plane Comes Down  
A refueling ship, in charge of Paul Whittier, was humming overhead, ready to lower a hose to feed gasoline to the plane. At the controls, descended and glided the Angelino to a neat three-point landing.

The motor was purring nicely as he came to earth in the center of the air port. Thousands of spectators pressed against wire barriers around the field.

Mendell taxied the Angelino into an enclosure and half a hundred of

MACKINAC ISLAND, Mich., July 13.—Miss Marion McClench of Ann Arbor, Mich., today headed the National Federation of Business and Professional Women's Clubs which is holding its 10th annual convention here.

Other newly elected officers of the Federation included Mrs. Helen M. Schurass of Erie, Pa., corresponding secretary.

Equal opportunities, pay and promotion for women in all governmental work became the war cry of the Federation today following the adoption of a resolution denouncing widespread discrimination against women on the basis of sex in governmental appointments.

### Two Are Slain In Gun Battle At Night Club

Third Is Wounded In Outbreak At Dawn In Broadway Club

#### FRIGHTENED GUESTS UNABLE TO FLEE

Cause Of Shooting Is Not As Yet Learned By New York Police

(BULLETIN)

(International News Service)

NEW YORK, July 13.—Two men were slain in a gun battle early today in the Hotzy Totsy club on Broadway. A third man was wounded in the head.

One of the murdered men was identified as William Cassidy, 35. He had been shot five times and died in the hospital without making any statement. The other slain man had not been identified.

The wounded man was Cassidy's brother, whose first name the police could not at first learn.

Guests in the night club who were too frightened to flee could not give the authorities any positive information regarding what caused the killings.

The gunmen vanished immediately after the shooting. When the smoke cleared away one of the victims was found sprawled on his face, near the bar. Two bullets were in his right side, another in his back.

The other victim had also been shot in the back, among other places, in the five bullets that drilled him.

Broadway was almost deserted at

NEW YORK, July 13.—

With two huge planes, one carrying the colors of Poland, the other France, roaring toward the United States in a spectacular race across the Atlantic, preparations went forward rapidly and enthusiastically today to give the intrepid airmen a great welcome if they accomplish their hazardous feat.

Latest information contained in International News dispatches, up to shortly before 10 o'clock this morning, New York Daylight Time, was that both planes were making good progress after having passed out over the sea from the European coast.

### Old Timers Day On August 14

W. E. Browne Is Named On Committee Succeeding Late J. D. Long

The "Old Timers" are getting ready for their annual gathering at Big Run Falls, now better known as Cascade Park. The affair, in accordance with the decision of the executive committee at its meeting held Thursday, will be held Wednesday, August 14, 1929.

Old officers of the "Old Timers Association" were re-elected at that meeting and are as follows: H. E. McGovern, president; R. M. Campbell, vice president; and W. T. Butz, secretary-treasurer.

William E. Browne was elected to fill the vacancy on the executive committee caused by the death of J. Dick Long.

The entire committee consists of the officers already named and Mr. Brown, also Robert H. Whaley, Howard D. Morrison, Scott Paisley, Joseph Hannon.

Indications are that there will be as is usual people present from all parts of the country and that the Old Timers will entertain a record crowd of people on that date.

All are requested to remember the day, the date and the place and make it their one real holiday of the year and help make Old Timers Day a success.

### Kansas In Grip Of Heavy Flood

Hutchinson And Salina Are Flooded By Heavy Rains

#### BUSINESS AREAS BADLY DAMAGED

(International News Service)  
HUTCHINSON, Kan., July 13.—Flood waters were sweeping through two Kansas cities today, Hutchinson and Salina, causing heavy property damage and chasing scores of families from their homes.

Ordinarily this section of Kansas is in the midst of hot and dry summer weather at this season. The present flood, caused by unprecedented rainfall during the past week, is one of the worst in history.

Nearly three feet of water inundated the heart of the business district here today. The crest of the high water was expected during the day. National Guardsmen of the local unit were in charge of the local situation today, aiding homeless families and guarding against pillaging.

At Salina, western Kansas' largest city, more than 20 blocks in the best residential section and a part of the business district were under water.

### Farm Board Facing Emergency Action To Stabilize Wheat Price

By WILLIAM S. NEAL  
International News Service Staff Correspondent

WASHINGTON, July 13.—The new federal farm board, which is being assembled here today preparatory to its first meeting on Monday, will be confronted with petitions to inaugurate emergency measures to stabilize prices of this season's products of American farms, it was learned today.

The demand for action springs primarily from the wheat growing states, alarmed at the possibility of further price drops as a result of the recent demoralization of the wheat market.

There are several large wheat pools now operating in western states which are ready to form stabilization corporations and finance them from the \$500,000,000 revolving fund granted by congress to carry out the farm relief plan.

Drastic Action Seen.  
President Hoover has already indicated his interest in the wheat situation, in conferences with railroad heads, who cut rates on export wheat, and shipping board officials, who now are endeavoring to provide sufficient American ships to carry millions of bushels of old grain abroad before the new crop is marketed.

Drastic action by the board to meet an emergency condition, however, is considered doubtful. Mr. Hoover has made it plain that the farm

## Big Consistory Picnic To Draw Record Crowd

Notices Mailed To Members Today By General Chairman, C. Ed. Brown

### FINE PROGRAM IS BEING ARRANGED

July 21 promises to be the biggest day at Cascade Park this season, when the annual Scottish Rite picnic, sponsored by the New Castle Consistory, is held. Indications point to a crowd of around 25,000 Masons, their friends and families being in attendance, providing the weather is right, and preparations are being made to accommodate this number.

All Masons and their families, regardless of location of their lodge, are invited to attend this event, notices having been mailed to all Masons in New Castle and Consistory members throughout the district today.

Stau Trester, chairman of the stunts committee, is arranging a fine program of entertainment for the children and the women for the day. In addition there will be free dancing, a big program of athletic events and many other attractions during the day.

Additional tables will be placed in the grove, which will be reserved for the out-of-town members, local Masons being asked to make other arrangements so as not to inconvenience the visitors.

Members of the service division met last evening to make arrangements for their part in the program. They will look after the reception and wants of all visiting brethren. A women's reception committee will also be formed to assist them in their work.

Members of the stunts and sports committee will meet this evening at eight o'clock to arrange the program, which will be followed out for the various athletic events.

Lets Louie Attack

Chairman J. Louis Shouse of the Democratic National Executive Committee let loose an attack on the White House repudiation of Senator Hoover's statement that President Hoover favors "an American yardstick" in tariff making.

Declaring that Mr. Hoover's expressions on the tariff rank with his prohibition "noble experiment" phase for indifference Shouse said:

"Now all we know about whether Mr. Hoover is still for a tariff revision confined to a few schedules mainly pertinent to a farm relief, as he told us in his last speech for the extra session, or his will to have all the campaign fund contributions compensated by one grand tariff grab, is that he does not want any yardstick metering system to hamper the style of the tariff jacks now at work on the lowering structure."

## Motorist Awaits Hearing As Result Of Butler Accident

Coroner's Jury Recommends Man Be Held On Involuntary Manslaughter Charge

BUTLER, Pa., July 13.—Frank Michinuk, of 296 Shieren street, Brackenridge, is being held in the Butler county jail under bail of \$1,000 to await a hearing before Alderman George R. Kearns on next Tuesday evening, as the result of the motor accident near her on the morning of July 4th, which resulted in the death of Miss Helen Marion Sanford, Lakewood, O. school girl.

Michinuk was placed under arrest following the coroner's inquest, when the jury recommended to be held on a charge of involuntary manslaughter. The accident which resulted in the girl's death occurred on the Butler-New Castle road, six miles West of Butler.

AIR RACERS WILL FOLLOW ROUTE OF PLANE TRAGEDIES

Charles A. Lindbergh upon his epic solo flight from New York to Paris.

Major Leon Idzikowski and Major Kasimir Kubala, the Polish sky-men, and Dieudonne Costes and his radio operator-navigator, Maurice Bellonte, the French aviators, were all agreed that the southern course offered the best opportunity, even though they would be out of the chief steamship channel.

It was estimated that the distance from Le Bourget field to New York, via the Azores is approximately 4,000 miles.

## TWO HUGE PLANES IN TRANS-ATLANTIC RACE TO NEW YORK

(Continued From Page One)

Leon Idzikowski and Major Kasimir Kubala has a cruising speed of 80 miles an hour while the Red Breguet bearing the best-known Irving French Pilot, Dieudonne Costes, and Radio Operator Maurice Bellonte, has a cruising speed of 100 miles an hour.

May Arrive Sunday

The foreign fliers, if successful, are expected to zoom down into one of the flying fields Long Island some time Sunday afternoon on Sunday night, the time depending largely upon whether they encounter head or tail winds.

An air of expectancy hung over Mitchell and Roosevelt fields today. Everything was being put in readiness to receive them. Special police will be required to cope with the vast throngs that are certain to make their way to flying fields tomorrow.

Hardly had the news come by cable that the fliers had taken off when Polish and French officials in New York City began making preparations for the welcome. Thaddeus Marynowski, Polish Consul in New York sent telegrams to 2,890 Poles advising them to be on hand Sunday to greet Idzikowski and Kubala. At the same time French officials laid plans for an enthusiastic welcome for Costes and Bellonte who are winging their way toward America in the plane Question Mark.

Radio On Planes

Both planes are equipped with radio. It is estimated that the fliers have fuel sufficient to insure 49 hours of flying.

Neither crew revealed what route they would take across the Atlantic. The two planes were prepared and fueled side by side and a certain amount of secrecy prevailed. They hopped off within 45 minutes of each other, the French fliers being first to take off. This time advantage probably was overcome because of the superior speed of the French plane.

Weather conditions are good, according to local meteorologists. This morning there were no indications of a storm. It seemed to be the consensus of aviators at the Long Island flying fields that the Poles and the Frenchmen would take the Azores route.

Radio apparatus at the wireless stations along the eastern seaboard were tuned in today in the hope of picking up word of the progress of the air race. Ships at sea have been advised to keep on the lookout for the daring aviators.

By FREDERICK K. ABBOTT

International News Service Staff Correspondent

LE BOURGET, July 13.—A trans-Atlantic air race—the first in history—was under way today as two huge planes swept out toward the sea on attempted non-stop flights to New York.

Two nations are concerned in this unprecedented contest, for the crew of one of the planes is Polish and the other French. The flights started from Le Bourget flying field, just outside of Paris, soon after dawn.

Paris to New York

The Polish fliers are Majors Kasimir Kubala and Leon Idzikowski, the Frenchmen, Lieut. Dieudonne Costes and Mechanic Maurice Bellonte. Each crew is determined not only to accomplish the first successful non-stop flight from Paris to New York, but also to leave the other far behind in the race over the ocean expanse.

The Polish aviators were the first to take to the air just as dawn was breaking over the almost-deserted field at 4:50 a. m. (11:50 p. m. New York daylight saving time). The French fliers followed them 40 minutes later at 5:30 a. m. (12:30 a. m. New York daylight saving time).

Both take-offs were accomplished without mishap and all four fliers departed with utmost confidence they would reach their goal.

The big Amiot biplane which is carrying the Polish entrants in this daring ocean race made a beautiful start. The plane sped for two hundred yards down the field, dropping the auxiliary wheels attached to the tail skid to help bear the load, and then taking to the air before half the field had been covered.

On Its Way

At a height of 100 feet the plane gracefully circled the field once and then disappeared to the southwest.

Costes and Bellonte encountered a little more difficulty in getting underway in their Breguet. His brother Pete was wounded by a bullet grazing his brow as he dove for one of the shooting assaults.

The Cassidy brothers with a beautiful blonde night club dance arrived late at Hotsy Totsy club. They were joined by Walker who had a number of drinks with them. Whether Walker was the "tip off man" hired by Cassidy's enemies was a puzzle to police.

A cake which sticks to the tin may be loosened by placing the tin over a bowl of boiling water.

the ground twice after reaching a height of several feet, and for a moment or two it was feared the huge plane would crash. Costes, however, maneuvered it into the air and the plane quickly disappeared in the same direction his Polish predecessors had taken.

Until almost the last moment Costes endeavored to hide the fact that a trans-Atlantic race was contemplated by giving his destination as Tokio. It was an open secret, however, that he would head for New York, and just after the propeller was spun Costes was again asked where he was heading.

"Tokio," he said with a smile. And then:

"No, New York!"

And with those words he gave the signal for removal of the blocks and the great plane sped down the runway.

Make Good Progress

BORDEAUX, July 13.—Both contestants in the trans-Atlantic air race which started from Le Bourget field early today were making good progress four hours after the start, it was indicated in wireless messages received at the Bordeaux radio station.

The Bordeaux station was informed that the Breguet monoplane "Question Mark" in which Dieudonne Costes and Maurice Bellonte are attempting to span the Atlantic passed over Santander, Spain, at 9:30 a. m. (4:30 a. m. New York daylight saving time).

At nine a. m. (four a. m. New York time), the station received a wireless direct from the Polish plane Marshall Eluski, stating that all was well.

No position was given. Adolfs Idzikowski and Kubala, pilot and navigator of the plane, wireless they would send another message giving their position at 9:15. But no further word was received.

Earlier in the morning the Bordeaux station was informed that the "Question Mark" had flown over the French coast, 50 miles off Cape Ferret in the Bay of Biscay, at 8:25 a. m. (3:25 a. m. New York time).

Beer Racket Mob Guilty

NEW YORK, July 13.—Death put on a show at dawn today for the Broadway night life crowd.

The beer racket mob went after William Cassidy "for cutting in" on liquor territory of other gangsters. Cassidy was sitting with his girl, his brother Pete and another associate in the Hotsy Totsy club on Broadway near Fifty-Fourth street. They shot it out.

The tune of the bullets reached the ears of the late carousers in a score of dusk-to-dawn night clubs in the Broadway district. On foot and by automobiles they rushed to see the show.

The battle was carried to the street. When police arrived they found thousands milling around the dead body of Simon Walker, ex-robber and gunman. William Cassidy was taken to the hospital where he died from bullet wounds. His brother Pete was wounded by a bullet grazing his brow as he dove for one of the shooting assaults.

The Cassidy brothers with a beautiful blonde night club dance arrived late at Hotsy Totsy club. They were joined by Walker who had a number of drinks with them. Whether Walker was the "tip off man" hired by Cassidy's enemies was a puzzle to police.

More Guardsmen Arrive At Camp

Entire 28th Division Is Now Encamped At Mt. Gretna Site

(International News Service)

CAMP THOMPSON, Mt. Gretna, Pa., July 12.—The remaining 5,000 guardsmen, completing the entire 28th division, Pennsylvania National Guard, in command of Major General William G. Price, Jr., arrived here today, for two weeks of intensive training.

With the arrival of the troops, the number of officers and enlisted men on the reservation numbered approximately 10,000 today. It is the first time since the World war that the 28th division has been mobilized to full strength.

Units that arrived in camp today were: The 56th Infantry brigade, in command of Brigadier General Robert M. Brookfield, Philadelphia, including the 11th Infantry, in command of Colonel Charles B. Finley, Philadelphia, and the 12th Infantry, in command of Colonel Charles B. Smathers, Grove City; 103rd engineers, in command of Colonel Jackson W. Study, Philadelphia; 163rd medical regiment, in command of Colonel Edward M. Hland, Coraopolis.

The troops will be mustered tomorrow morning to receive their state and federal pay, the remainder of the day being one of rest with services in the morning and at night.

The 10th hospital company of Lancaster, commanded by Captain Benjamin F. Charles and Captain Arthur J. Greenleaf, arrived in camp today and established a field hospital, Governor John S. Fisher will examine the hospital upon its completion and the hospital will be used during the extensive division maneuvers next week.

Private Howard W. Allen of Washington, Pa., who fell from the rear end of a truck, was reported much improved today. It was first believed he had suffered a fractured skull, but X-ray examinations revealed his injury to be much less serious.

Rooming House Mistress Seeks Change Of Venue

(International News Service)

MACOM, Ga., July 13.—Counsel for Mrs. J. C. Powers, 71-year-old rooming house mistress charged with being an accessory before the fact in the slaying of James W. Parks, will ask a change of venue when her trial comes up in superior court July 22, it was learned today.

They will charge Mrs. Powers can not obtain a fair and impartial trial in this county because of public sentiment.

Robert Manchester, a roomer at her house, who confessed to the actual slaying, is under sentence to die in the electric chair.

Manchester declared that Mrs. Powers persuaded him to kill Parks, promising him \$1,000 when she collected a \$14,000 insurance policy which she held on Parks' life.

## May Name Roof Water Inspectors

Inspectors Will Travel To Various Sections Looking For Violations

Councilman met yesterday in the office of the mayor and the discharge of roof water into the sanitary sewer was discussed. It was indicated today that the city during Monday's session will name several inspectors and that the search to discover where the roof water is entering sanitary sewers will start.

Municipal Engineer Miller will fully outline his plan to the councilmen when a formal session is held Monday.

Seepage of roof water into the sanitary system is held partially as the cause of overcrowded sewers.

It is said that the inspectors will be paid probably 50 cents an hour and will travel different streets.

They will take notice of where it appears as though roof water is entering the sanitary system.

Under a suggestion offered by Councilman Burns the inspector would report to the city and an authorized inspection made later.

Some kind of colored water would be placed in the spout and the nearest sanitary sewer manhole watched. If the water shows color the property owner will be requested to arrange his spouts so the violation of law is alleviated.

**TEA DRINKERS**  
THE mechanism of business in the United States in time may be halted every afternoon for tea, just as it is in England, where omission of the tea ceremony is regarded as a major calamity.

In the practice ever becomes general here it will not be merely as a custom. Rather it will be for that worthwhile purpose of getting more work out of the workers of the land.

Temple University scientists have conducted tests which lead to the conclusion that there is a falling curve of efficiency in mid-afternoon which might be eliminated by a brief breathing spell at that time. Adoption of the English tea hour would serve the purpose admirably.

Since in most business establishments most of the work is usually crowded into the late afternoon hours, nothing might be lost and much gained if the entire organization took a recess just before the end-of-the-day rush period for a little relaxation and refreshment.

Perhaps the most insurmountable obstacle to putting the plan into operation on this side of the water is the great scarcity of tea drinkers in the United States. Mid-afternoon fatigue is preferable to tea-sipping in the opinion of that great number who resist and resent every move to make tea-drinkers of them.

**WHAT MAKES CITIES**  
CITIES can not all have the same and most desirable climate. Cities can not all be seaports nor railroad centers of equal importance. One city must be an agricultural center, another is logically a mining center and still another because of natural conditions is an industrial community. Because of especially attractive climatic conditions some cities prosper as winter or summer resorts. Others benefit because they control the market for a certain type of skilled labor—for example, Detroit and her automobile labor.

Because of her geographical location and harbor facilities New York is the nation's greatest metropolis. Chicago was destined to become the grain and beef center of the nation. Miami, Florida, is typical of the natural winter resort just as Atlantic City was the logical position for the country's most popular summer shore resort.

If every city was not naturally suited for some particular purpose there would be no excuse for its existence and, what is more, it would not exist; but not every city takes the fullest advantage of its potential possibilities. Communists are like individuals in this respect, perhaps because a community is but a group of individuals. Just as two men, given identical qualities and opportunities, will succeed in varying degrees, so do cities surpass or fall short of others with equal assets.

That city will develop and prosper which informs itself of its reasons for existence and then applies the utmost of scientific cultivation to those assets.

**MONEY IS NOT EVERYTHING**  
A REQUEST of \$750,000 would get most persons considerably excited. But not so Mrs. Sarah E. Heath, a 74-year-old widow of Wakefield, Mass., who was recently willed that amount by her brother.

"What can it mean to me when I haven't any use for it? What difference does it make if it is ten cents or \$10,000,000?" she asked.

"I have been lucky all my life; lucky to have a good husband and a good brother. I'm not interested in the fortune left me. I have been happy without it. I haven't any idea what we shall do with the money," she continued.

Mrs. Heath's attitude toward the legacy is rather unusual, but refreshing at that. Money isn't everything, it has been pointed out, but the general opinion is that it is a convenient adjunct to most other things.

**THE PROSPERITY CYCLE**  
"OUR people, more than any other," says Henry Ford, "are able to use and enjoy what they have created. And, do you know, that is the perpetual motion of prosperity. People able to use what they make will always be able to make what they need."

"Prosperity is not piled-up wealth; prosperity is diffused wealth in constant use."

There is much good sense in those statements. There are times when a lot of us feel that our ability to use what we make outruns our ability to make what we need. Nevertheless, our American prosperity is undoubtedly built on our capacity for making, using and enjoying in a pleasant cycle.

It is still true that money talks, but in these strenuous days it takes a \$10 bill to speak above a whisper.

Some of these modern psychologists could make a fortune by writing a book on how to resist a high-powered salesman.

Harassing Mr. Hoover.  
Prohibition Suggestion.  
Fliers and Flying.  
Too Many Potters.  
By ARTHUR G. BRISBANE  
(Copyright, 1929, King Features Syn., Inc.)

President Hoover, great engineer, has been kept busy since his inauguration by prohibition problems. Now he is asked to develop and enforce new blue laws. The blue law gentlemen want Washington made into a "Blue-Law-Paradise," that the city may be an example to the nation.

Poor President Hoover, listening to six species in favor of Sunday blue laws, all in one day must wonder when the country will allow him to do some engineering.

After all, preventing Sunday golf in the District of Columbia is not as important as the Boulder Dam or flood control.

Little Mrs. Kao, wife of San Francisco's vice-consul, is accused of bringing in 11 trunks, thousands of little tin boxes full of opium, worth \$1,000,000.

The little lady cannot think what enemies could have put that opium in her trunks.

The Chinese government, not sentimental, requests Uncle Sam to return the lady to China, promising to have her executed.

That is the Chinese penalty for opium smuggling.

We might try that in our prohibition crusade. Rows of bootleggers' skeletons swinging from the gallows, with chains clinging to their fleshless bones, ought to have some effect.

Williams and Yancey, American New York to Rome fliers, bought new clothes in Rome and visited Mussolini. He kissed them both, surprising those primitive Americans.

In the excitement of the moment, they said they would go home, fly the Pacific and get the \$50,000 prize offered for a Dallas to Hong Kong flight.

A few years ago Lord Northcliffe was offering \$50,000 for a flight across the English Channel.

The Boeing Air Transport company, first flying unit that C. E. Mitchell's \$100,000,000 National City Bank concern absorbed, plans a 30-hour transcontinental air service—all airplane, no railroad—to include Seattle and the northwest coast.

Lindbergh, who manages Gen. Atterbury's transatlantic line for the Pennsylvania and Santa Fe roads, predict "flying Pullmans." That will come.

The late Mr. Carey, president of the Pullman company, had his engineers working on that problem.

A passenger, eastbound, by the Pennsylvania airplane and railroad route, is making the trip from the Pacific coast to England in eight days, a new record.

Russia, to let the world know she is not standing still, sends a giant, all-metal monoplane, flying non-stop, from Moscow to Berlin, and then all over Europe, Paris, Rome, Vienna, etc., carrying passengers and reporters.

A German plane flies, using heavy oil for fuel. That may be more important to aviation than more sensational performances.

Mr. Well, vice president of the American Federation of Labor, tells the Potters' Union: "Since machinery makes more potters necessary, it will be necessary to reduce the working week to less than five days."

Mr. Wool says: "Organized labor has to exist, even if its income is lowered by new machinery."

Organized Labor may have to perform some different kind of labor. When locomotives came in, for instance, no arrangement was made to let stage coach drivers continue driving their stage coaches. When automobiles came, "hack drivers" had to learn to drive automobiles.

The Prince of Wales knows that California produces able girls. He watched Helen Wills play a private match against a first-class British male player.

The California girl won, 6-2, 6-4.

Spaniards used to say they sent the sunshine of Spain to the foggy British Islands in bottles, port and sherry. California ships her sunshine to Great Britain in very attractive and vigorous packages.

Mrs. Katherine Tingley, energetic, and a theosophist, is dead, aged seventy-nine.

A brilliant woman, she adopted eastern ideas and believed that her mode of life and thought would produce a long physical existence.

Many a woman has lived much longer, with nothing more esoteric to it.

**Interest In Railroad Mergers Stirred Anew By Wabash Plans**  
Other Proposals Expected To Follow Scheme To Create A Fifth Trunk Line Consolidating Many Small Roads

Plans for a fifth great trunk line railroad with Kansas City as its western terminal, as disclosed in a petition to the Interstate Commerce Commission by the Wabash, have revived public interest in the general subject on railroad consolidations. It is assumed that the Wabash program will meet with strenuous opposition and that other roads will press proposals of their own before the Interstate Commerce Commission acts.

The KANSAS CITY JOURNAL-POST refers to the development as somewhat startling proposal of consolidation of eleven railroads, providing a trunk line extending from the Atlantic coast to Kansas City and also embracing some rich agricultural country in Iowa. That paper suggests that "the courageous independence of this course is the more evident, in light of the large ownership of the Wabash by the Pennsylvania one of the four trunk lines." The Journal-Post concludes that "the Wabash proposal will affect so many other roads and such vast sections as to force the subject on the attention of the Interstate Commerce Commission and of the public."

The Wabash officials offer one argument, according to the DETROIT NEWS, that must have occurred often to many travelers. Their scheme offers terminals as far west as Kansas City, Des Moines and Omaha. The other big systems terminate at Chicago. Why must all railroads end at Chicago? Why must the entire country change cars at the foot of Lake Michigan? There is no natural obstacle to be overcome at Chicago. There is no good physical reason why cars can't be run from San Francisco to Seattle, or from Philadelphia to Los Angeles. But they don't. They turn around at Chicago. Some day our railroads will run from coast to coast, and people in a hurry will not be routed through an intricate railroad center.

What the attitude of the Pennsylvania, the NEW YORK CENTRAL and other existing trunk lines will be in the circumstances, says the CHICAGO DAILY NEWS, "is easy to guess. That they will fight the petition of the Wabash may be taken for granted. Some persons think they will suggest alternative consolidation plans instead of merely opposing the Wabash application, thus incidentally helping to clear up the whole consolidation question, which has too long been enveloped in fog. In view of the widely recognized need of railroad consolidation, it is to be hoped that the move of the Wabash will precipitate speedy action beneficial to the pressing and consuming public of the Middle West, which is impatient sections seriously needs simplified and improved through transportation service."

In numerous particulars," declares the PORT WATNE NEWS-SENTINEL, "the Wabash has much to support its claims. It remains for the Interstate Commerce Commission, after careful consideration of all the arguments pro and con, and after a survey of the wishes of stockholders in the various lines affected, to make the decision."

If the plan submitted by the Wabash will make possible a better handling of the business in the areas involved, advises the INDIANAPOLIS STAR, "it should be adopted, provided the commission has nothing better to offer. The difficulty up to the present has been that the petitioners for consolidations have naturally looked to their own interest and opposition of rivals. It is high time to consider the public at large. The law calls for consolidations to promote efficiency and economy. A delay of nine years seems sufficient."

By pressing the Western Maryland from the B. and O. and the Wheeling and Lake Erie from the Van Sweringen, as the Wabash plan proposes," the NEWARK EVENING NEWS suggests, "the consolidation projects of both the B. and O. and the Chesapeake and Ohio-Nickel Plate would be struck serious if not fatal blows. The Wabash would acquire footings in Pittsburgh and Baltimore and the Pennsylvania could outdo the Count of Monte Cristo as a vendettist by counting as paid off its foes at once."

## Old Time Moonshiners Stick In Southern Hills

By ROBERT S. THORNBURG  
International News Service Staff  
Correspondent

WASHINGTON, July 13.—Prohibition hasn't succeeded in driving the old-time moonshining industry out of the southern mountain.

Information available at the prohibition bureau today placed at the head of the moonshining list Georgia, Tennessee, Kentucky, Maryland, Virginia and North Carolina, all noted for years for their famous "corn".

In addition to these states of the real old-time "mountain dew", seizures of mash and stills indicated the outstanding importance of illicit distilling in California, New York and Pennsylvania.

More than 1,000,000 gallons of mash and in excess of 1,000 stills were seized in these eight states last year. While detailed figures have not yet been prepared, Georgia apparently headed the list in the seizure of stills and distilleries with more than 3,000. New York and Pennsylvania were ahead in the confiscation of alcoholic spir-

its and Maryland and North Carolina were out in front in the volume of mash captured.

With the large cities of Baltimore and Washington furnishing excellent markets, a tremendous rice whisky business has grown up in southern Maryland. In that respect Maryland has deserted the ranks of the corn whisky states, although distilling methods are much the same.

Malt liquor seizures were greatest in New York and Pennsylvania, indicating these states as the principal centers for the production of illicit beer.

More than 100,000 gallons of cider were seized in the course of the year. New York and New Jersey taking honors. Cider presents a difficult problem to the prohibition enforcement authorities, since it must be intoxicating in fact to be an unlawful commodity, and nobody knows certainly what that means. How "hard" cider must be to cause intoxication has been a moot question since the prohibition law went into effect.

## Wildcat Brewery Found In Mine

Prohibition Agents Make Big Raid In Vicinity Of Ebsburg

EBESBURG, Pa., July 13.—Three men were under arrest here today as the result of a raid staged by Federal prohibition agents on a wildcat brewery having an estimated valuation of \$200,000.

The distillery had been set up in an abandoned coal mine. The raiders were under the direction of Harold (three gun) Wilson, assistant prohibition administrator of Western Pennsylvania.

Those under arrest are Charles Miller, alleged owner of the equipment, and Frank Kelly and Christ Stager, said to be employees. They were taken into custody by the raiders when they were found in a building near the distillery.

Equipment seized and destroyed included two stills, one of 1,500 gallon capacity and the other of 1,000 gallons, and a large quantity of mash and alcohol.

## Germany Agrees To Pay Belgium

(International News Service)  
BRUSSELS, July 13.—The last of the German reparations problems was cleared up today when Germany and Belgium signed an agreement settling Belgian claims for restitution for worthless marks left behind when the Germans evacuated Belgium.

Germany agrees to reimburse Belgium in 37 annual payments.

Belgium originally claimed 6,000,000 marks or approximately \$1,390,000,000 but Germany offered a lower sum.

## WHEAT SOARS ON CHICAGO BOARD

(International News Service)  
CHICAGO, July 13.—Wheat soared sharply on the Chicago Board of Trade today with active buying on bullish crop reports from the north-west both sides of the international line. Final prices were up 5 1/2 to 5 3/4 cts. corn was up 1/2 to 1 c, and oats 5/8 to 7/8 c in sympathy with wheat.

## Chicago Taxi Heiress Under Arrest

A blood transfusion was necessary in efforts to save the life of Dorothy Wilson, inset, Chicago society girl, who was badly injured in an auto accident with Miss Helen Hertz's car. Helen Hertz, above, at the wheel of her car, daughter of John Hertz, owner of Reigh Count and many millions, is being held by the Chicago police. Police say that Miss Hertz ran by a stoplight, ramming the Wilson car, wrecking both autos. In case Miss Wilson dies, Miss Hertz will be held on charges of manslaughter, says Chief Freeman.

## ENDURANCE FLYERS AT CLOSE OF RECORD HOP

Central Press telephoto of the world record endurance flight plane, Angelino, as it came to earth after 246 hours, 43 minutes and 32 seconds in the air over Culver City, Cal. L. W. Mendell, one of the flyers, is shown climbing out of the cockpit, with R. B. Reinhart, his companion, on the ground. The flyers descended when a refueling was impossible because of a fluttering tail group. The former record was 174 hours, 59 seconds.

## Continue Hunt For Negro Slayer

Man Who Killed Mechanic And Attacked Girl Still Fugitive

MONTGOMERY, Ala., July 13.—Search today continued over parts of Alabama for an unidentified negro who killed Jack films, an Eufaula mechanic, and assaulted Beatrice Clark, 21, his companion.

Governor Bibb Graves has offered a reward of \$300 for the negro's capture.

He has sent state officers to Sulligent to investigate an attack there on a 12 year old girl, on the theory that the two crimes may have been committed by the same negro.

Three negroes are being held in the Sulligent jail for questioning. A special guard was placed at the jail to prevent violence.

## Evangelist Arrives For Tent Meetings

Rev. Wade Patrick Begins Series  
Of Meetings At The  
Harbor

A capacity audience greeted Rev. Wade Patrick, noted evangelist of Atlanta, Ga., at the Harbor tent Friday evening.

Rev. Patrick proved to be a dynamic and forceful speaker. The audience listened with rapt attention. He related some of his interesting experiences while preaching the gospel throughout the United States. He chose for his text for his sermon John 12:32. "And I, if I be lifted up from the earth, will draw all men unto me."

A spirited song service and a duet number by Mrs. Sheaffer and Mrs. Daugherty, accompanied on the piano by Miss Owey, were special features of the evening. The opening prayer was given by Theodore Rhodes.

Rev. W. H. Armstrong, pastor of the Western Methodist church, was present and assisted in the services. The meeting was closed with several prayers, given by members of the congregation at the altar.

These interdenominational revival services are being held every evening throughout July at the intersection of the Harbor and Youngtown roads. The services Sunday evening will begin at 7:30 in order to give time for a song and praise service prior to the meeting.

The large tabernacle at the Harbor is cool and comfortable, and as many of the churches in the city are closed Sunday evening on account of the heat, it is expected a large crowd will attend the revival services.

## Train Hits Auto Near Enon Valley

BEAVER FALLS, July 13.—Theodore Vaughn, aged 13 years, of East Liverpool, O., a victim of a train automobile crash at Haggerty's crossing on the Pennsylvania lines between New Galilee and Enon, is in a critical condition at the Providence hospital, Beaver Falls. He sustained a badly crushed chest, rib fractures, a fracture of his left arm and internal injuries.

Emerson May, aged 20 of Stop 55 on the Y. and O. electric line, owner and driver of the car, was not seriously injured and after receiving treatment at the Providence hospital was able to leave for his home.

How the men missed seeing the train is a mystery railroad men report. The car was running toward the train, with the tracks and the railroad parallel until near the crossing, when the road turned diagonally across the rails.

As the train was finally seen, the driver is said to have jammed on the brakes and stalled the motor, directly in front of the oncoming train, that demolished the Nash touring car and injured both men. The driver, however, averts the car stalled on him.

## Crowing Rooster Precipitates Duel

SHAMOKIN, July 13.—The early morning crowing of roosters owned by Charles Feudale precipitated a gun battle here Friday in which several wild shots were fired, none of which took effect.

Charles Rumberger, neighbor of Feudale, had remonstrated with him about the annoyance caused by the rooster and had threatened to kill it if Feudale did not take steps to quiet the fowl. An argument ensued and both men seized guns and fired at each other. Lack of ammunition prevented a longer duel and the rooster still crows.

**BLOW FROM GOLF BALL IS FATAL TO CADDIE**  
CHICAGO, July 13.—A golf ball driven by John Winters, an 8-year-old caddy at the country club, struck Clifford Breitaup, 11, another caddy, in the temple Friday, killing him.

## Young People Have Rally Friday At Hoover Heights

J. L. Milburn, President Of The  
Pittsburgh District Acted  
As Chairman

The Hoover Heights Tabernacle was well filled last evening for the local Young People's Rally. Mr. J. L. Milburn acted as chairman of the meeting. Mr. Milburn is the President of the Pittsburgh District of the Young People's League of the Christian and Missionary Alliance.

Mrs. Moon, a student from the Bible school at Binghamton, N. Y. led the song service.

Mrs. R. Owey brought a word of greeting from the People's Mission. The representatives of Moravia Stop and Ellwood City were not present owing to special meetings being held at Ellwood City by Evangelist Carter.

Mr. Turner and Miss Peterson of Pittsburgh sang "My Faith is in God."

Rev. E. C. Anderson of the Gospel Tabernacle led in prayer after which Mrs. Carter of near Binghamton, N. Y. was introduced. She sang "The Master Stood in His Garden" after which she spoke briefly. Speaking of the necessity of being a clean and empty vessel for the Master to fill, she used the selected text from Proverbs 3:5, 6: "Trust in the Lord with all thine heart; and lean not unto thine own understanding. In all thy ways acknowledge Him, and he shall direct thy paths." Our job is not one of works, she declared, but of believing that we may fulfill the purpose of our lives, glorifying God. She appealed for a complete consecration to God.

A trio of young ladies from the Gospel Tabernacle sang "Pause for a Moment of Prayer." Mr. Moon also sang "My Life on the Altar for Jesus."

Mrs. Stamm was introduced after which Rev. Stamm of French West Africa, dressed in native costume, spoke, basing his remarks on Isa. 6:8. He spoke of their work, which is largely among Mohammedan people who depend on three things for salvation, prayer at 5 periods of the day; giving to the poor; and fasting one month during the year. In the day time, At night they feast. Salvation depends on threefold vision, God's Holiness, His sinfulness and our sinfulness. He spoke of some who had seen this vision and were saved. To one in the center of God's will there is no greater happiness.

Mr. Milburn made the closing appeal, several coming forward for help.

## YANKEE FLIERS HOPE FOR SUCCESS OF OCEAN RACERS

Pair In Rome Hear Of Start Of  
Trans-Atlantic Race By  
Other Fliers

By GUGLIELMO EMANUEL  
International News Service Staff

ROME, July 13.—Deep in the task of immortalizing Roger Q. Williams and Captain Lewis Yancey as heroes for their successful crossing of the Atlantic in the monoplane Pathfinder, Rome was electrified today by news that two new attempts to conquer the ocean by plane had started this morning from Le Bourget flying field.

News of the start of Liqueur, Dieudonne Costes and Maurice Bellonte, and the Polish aviators Majors Idzikowski and Kubala on a trans-Atlantic air race was transmitted to Williams and Yancey in their hotel here early this morning.

Both displayed intense interest in the dual attempt and recalled their efforts to take off from Oak Orchard, Me., at the same time as the French monoplane Yellow Bird started on its successful flight several weeks ago.

"I wish them the very best of luck," Williams told International News Service when he had been informed of the take-offs. "Costes is a splendid pilot and Idzikowski and Kubala are as fine as any I have ever known. I hope the both crews succeed in their attempts."

Yancey echoed Williams' sentiments and the fliers requested newspapers to keep them in touch with developments in the new flights.

Williams and Yancey were entertained last night at a brilliant dinner given by Prince Ludovico Potenzi, former governor of Rome, attended by a host of notable and numbers of the aristocratic American colony here. A short while before the dinner the fliers were presented to Prince Boncompagni, present governor of the city.

The American fliers will be busy over the week-end with a constant round of engagements which include presentation to the Pope and to King Victor Emanuel. They plan to attempt a non-stop flight from Rome to Paris on Wednesday.

## Ford Repays Loan For Two-Cent Stamp

NEW YORK, July 13.—Henry Ford, with his personal check, has repaid a two-cent loan.

When he found he had no money in his pockets to purchase a two-cent stamp commemorating Thomas A. Edison's invention of the incandescent light, Ford at the recent jubilee celebration of the light at Atlantic City borrowed two pennies from J. F. Quinnlan, secretary of the jubilee committee.

Quinnlan has received in payment the first personal check Ford is said to have signed in five years. But Ford's check book will be forever out of balance for Quinnlan does not intend to cash the check, he said today.

## Rev. Leichter To Speak In City

Will Preach Every Evening At  
Gospel Centre During  
Week Of July 21

The services at the Gospel Centre tent meetings during the past week have been very helpful. Many have accepted the invitation and taken their stand for Christ. Again during the coming week services will be held every evening beginning at 8 o'clock. Several local stringers will take part in the service, rendering special music nightly.

A fine program has been arranged for Sunday evening. E. J. Berquist, president of the Centre, will speak from the theme, "The Woman Who Sought to Rule the City." Many folks in the city will be delighted to know that Rev. C. A. Leichter, pastor of the College Street Baptist church, Toronto, Ontario, will be here and speak every evening during the week of July 21.

## 1,300 Boy Scouts Of America Sail To Birkenhead, England For World Scout Jamboree

Thirteen hundred American boys are pilgrimaging to England this summer to take part in the greatest peace-time encampment of boys that the world has ever known. The group will be the official representatives of the Boy Scouts of America at the world jamboree to be held at Birkenhead, across the Mersey river from Liverpool, England, from July 31 to August 13. Sixty thousand Boy Scouts, representing 42 different nations and 70 different lands, will pitch their tents for two weeks and will work and play together. Lawrence county is sending a delegation of 16 lads.

The world jamboree is being held to celebrate the 21st birthday of the founding of the Boy Scout movement and also to pay tribute to Sir Robert Baden-Powell, chief Scout of the world, its founder. More than 400 acres of ground will be under canvas when the world jamboree opens on July 31.

Patrol units of eight, under adult leaders, the American Scouts are embarking this week from a score of different seaports and landing at Liverpool, Harwich, Grimsby, Hull, Goole and Newcastle, will pilgrimage to the Jamboree camp. Many of the American Scouts will embark on special trains from the various English seaports and be carried to Birkenhead and upon. From there they will be transported by motor to the Jamboree Park, where the world gathering is to be held.

Some of the American delegations got an early start from the United States and have been touring Europe. They will arrive at the jamboree in time for the official opening.

Reports from the International Scout Bureau at London, England, state that more than 15,000 Boy Scouts are expected from countries outside of the British Empire. The dominions and colonial possessions of Great Britain will send an additional 2,000 Scouts to the jamboree and the remainder of the group will be made up of English Scouts.

Many notables from continental Europe will be present at the jamboree. In previous jamborees held at four-year intervals, the kings of England, Sweden and Denmark have attended. This year the Prince of Wales will be a guest at the Boy Scout encampment.

The actual dates of the jamboree are from July 31 to August 13, but most of the Scouts from abroad will spend additional time visiting with Scouts of continental Europe and in the outside of the British Empire. ## Activities Continue At Local Scout Camp

Friday proved to be the big day of this week at Boy Scout camp. A variety program with a number of unusual features kept the scouts on the go 14 hours of the day. A hike to Muddy Creek falls was enjoyed by 14 boys under the leadership of Baidy Watson. The boys were Hugh Timblin, Herb Christian, Bob Aiken, Dan Ryan, Bob Wallace, Dick Wallace, Bob Frischetti, Jim Higgins, Jack Higgins, Harold Aggas, Bob Penman, Gus Warner, Bill McBurney and Harry Pearson.

John Babcock and Walter Weisbaker hiked to McConnell's Mill to pass the first class requirement for a 14-mile hike. The camp's best swimmers were detailed Friday afternoon to repair the damage to the water-front equipment which was hit by the rapid rise of the water on Tuesday and Wednesday.

Bill McBurney and Dan Ryan presented themselves to the camp director at 5 p. m. properly dressed and equipped to camp out over night and cook their own supper away from camp. This is one of the requirements for the camping merit badge on which the boys are working.

High point honors go to Bill Bayers with a score of 165 for the day's work. Bill is one of the boys who has earned a place in the Indian village and is keeping up the good work under conditions that require greater skill and knowledge of camping. Bob Frischetti placed second with 155 points. Earl Timblin, Jack Marshall, and Charles Ziegler of Hut Poister won inspection for the third consecutive time this week by a score of 99 points.

Inspecting officer was John Hanchett. A family of squirrels, six in number, has been reported by Herb Boyd as new residents of the log cabin. Herb awoke this morning and watched the little fellows scamper about on the floor for some time.

The evening color guard selected by Camp Director LeRoy M. Norton were Bill Shinn, Harold McCaskey, Bud McCaskey and Bob Aiken. Four scalps were awarded to boys Friday. A Pathfinder scalp to Lee Shirey, runner to Alva Kleinendust, Sachem to Herb Boyd and Grand Sachem to Bill McBurney.

Scouting progress is excellent and a number of tests were passed during instruction period. Merit badges—Firemanship, Herb McLeure, Bob Aiken, Not Book, camping, Bill McBurney, Dan Ryan, second class cooking, Reed McCaskey, Bud McCaskey, 14-mile hike, composing and map, W. J. Pifer, Westbaker and John Babcock.

Camp visitors were Mrs. W. H. Leicht, Mrs. L. H. McCaskey, Mrs. S. Royce, Mrs. William E. Bayers, Mrs. C. R. O'Neill, Mrs. S. P. Peck, H. L. Wilson, Dr. and Mrs. H. H. Rosenthal, Thomas Rambo, Bob Howe, Mr. and Mrs. S. L. McKinney, Mr. and Mrs. Perry Weiler, Mr. and Mrs. F. J. Pifer, Mr. and Mrs. H. L. Gordon, and Charles T. Metzler.

The campfire program consisted of songs, yells and a mock trial. The boys on trial were Herb McLeure and John Hanchett. The prisoners were pronounced guilty and sentenced not to eat less than three meals a day for the balance of their lives.

## SEVENTH WARD NEWS

### Dinner Party Honors Brides And Grooms

Event At Thompson Home; Other News Notes Of Seventh Ward

Mr. and Mrs. Dick Thompson entertained employees of the Linger-light Dairy and their friends Friday evening at a picnic dinner at their home at Mt. Jackson. The dinner honored two of the employees of the dairy, and their brides, Mr. and Mrs. Frank Thompson and Mr. and Mrs. Wallace Patterson. Both couples having married recently.

The picnic dinner was served on the lawn of the Thompson home. The table was attractive being decorated in a color scheme of yellow and white with bouquets of yellow rose buds. Covers were arranged for thirty-eight guests. An elaborate menu was enjoyed.

Each of the brides and grooms received two beautiful gifts. One from Mr. and Mrs. Thompson, Mr. Thompson is the owner of the dairy. The other gift from the employees.

Following the dinner event the brides and grooms were brought for a serenade ride down through the seventh ward. Returning to the Thompson home the rest of the evening was spent in games and having a general good time. A most enjoyable evening was had by all present.

**HOLD TRIO FOR ROBBERY**  
ST. LOUIS, July 13.—Two men and one woman from Washington, D. C., are held here today by police on suspicion of robbery. In their possession when arrested was found jewelry valued at more than \$27,000, according to the police.

Those under arrest are Francis Crawford, 41, who says he is a real estate dealer of Washington, D. C.; John Dade, 39, and his wife Mrs. Frances Dade, 29, also of Washington.

**CHARGE TRIO WITH  
Passing Out Bogus  
Money To Merchants**

PITTSBURGH, July 13.—Charged with passing counterfeit five, ten and twenty dollar bills, three men were held for trial in Federal Court after a preliminary hearing before a United States commissioner.

The men held were George Drano and Tony Taldi, both of Pittsburgh, whose bail was set at \$5,000 each, and Michael Villa, of Brooklyn, whose bail was \$10,000.

The trio was arrested Monday after merchants had reported to police that spurious notes had been passed in a number of stores. A fourth man, believed to be a member of the gang, escaped.

**Lightning Hits  
Old Brewery Plant**

Lightning did considerable damage during Friday afternoon's storm when it struck the tower on the old Standard brewery plant now owned by the New Castle Lumber and Construction company.

A hole was knocked in the roof by the bolt and a number of bricks knocked from the corner of the building. Continuing downward the bolt struck the cornice of another building and knocked several yards of coping off.

**FAMILY FEUD  
BRINGS TRILLS  
TO SPECTATORS**

SHAMOKEN, Pa., July 13.—Guns barking—roosters crowing—neighbors cheering from safe vantage points. This was the strange scene enacted here today when two women neighbors, Mrs. Charles Feudale and Mrs. Charles Rumberger, disagreed concerning the Dulcet sounds issuing from the fullthroated rooster owned by Mrs. Feudale. Mrs. Feudale and Mrs. Rumberger decided to settle the man-to-man, as it were. The husbands, however, decided to take a hand and five hundred people gathered to watch the combat as the men fired upon each other from ambush.

Fortunately, no one was hurt. Unfortunately, police say, arrests will follow.

Heaven loves little children. You can tell by the fact that it gives so few to highbrows.

### Westminster Guild Has Picnic Event

Picnic Is Held At The Lewis Wet-tich Camp Near Scout Camp

Members of the Westminster Guild of the Mahoning Presbyterian church had their meeting Friday evening in the form of a picnic at the Lewis Wetlich camp near the Boy Scout camp.

# PONTIAC BIG 6

PRODUCT OF GENERAL MOTORS

## OUTPERFORMS ALL OTHER LOW-PRICED SIXES

The Pontiac Big Six is the fastest, snappiest, most powerful six of its price in America. The "fifth wheel," the most accurate speed measuring device known to automotive engineers, has proved that Pontiac has the highest top speed and the fastest acceleration available in any low-priced six. As for power, Pontiac is the most powerful of all low-priced sixes, a fact which can be proved by the dynamometer, a scientist's measuring stick for brake horsepower.

### TRY TO MATCH THESE BIG CAR FEATURES OFFERED AT NO INCREASE IN PRICE—

#### BIG CAR ENGINE

The largest power plant used in any low-priced six. 200 cu. in. piston displacement. 60 brake horsepower at 3,000 r. p. m. The G-M-R cylinder head for high-compression performance with ordinary gasoline.

#### BIG CAR FUEL FEED

Latest type mechanical gasoline pump and filter, first introduced by Oakland, in place of the ordinary vacuum tank. Positive under all conditions. Eliminates "starving" on long hills or hard pulls of any kind.

#### BIG CAR LUBRICATING SYSTEM

A lubricating system without equal in the low-priced field. Adjustable pressure feed lubrication to all main bearings and connecting rod bearings. Pressure-vacuum ventilation of the crankcase to maintain the quality of the oil.

#### BIG CAR COOLING SYSTEM

Automatic control of operating temperatures. Assures peak engine efficiency at all times. Water temperature governed by a thermostat which eliminates the inconvenience of hand operation of radiator shutters and heat indicators.

#### BIG CAR BRAKES

The finest and the costliest brakes to be found on any car in Pontiac's field. Two braking systems, each entirely independent of the other. Mechanical and internal expanding four-wheel service brakes—silent, protected against rain or dirt, highly efficient in any weather and requiring minimum attention.

#### AND THESE BIG CAR ADVANCEMENTS

The Harmonic Balancer which eliminates crankshaft vibration. Exclusive expansion-fit piston pins (patent applied for) which assure quiet operation over a long period of time. A counter-weighted crankshaft, airplane type interchangeable bronze-backed main bearings. Semi-steel pistons in matched and balanced sets.

## BIG CAR VALUE

# \$745

Five-Passenger 2-Door Sedan Body by Fisher

The Pontiac Big Six was introduced at prices ranging as low as \$745, f. o. b. Pontiac. And in spite of the fact that it offers every desirable big car quality—in spite of the fact that it is now available in a wide variety of popular colors—in spite of the fact that it represents the greatest value offered in the low-priced field... it continues to sell at no increase in price. Small down payment. Balance only a few dollars per month. A liberal price for your present car.

CONSIDER the delivery price as well as the list price when comparing automobile values. Oakland-Pontiac delivered prices include only reasonable charges for handling and for financing when the Time Payment Plan is used.

PONTIAC Big Six, 1929, f. o. b. Pontiac, \$745. Plus delivery charges. Bumpers, spring covers and floor plates extra. Payment Plan available at slight extra cost. General Motors Time Payment Plan available at minimum rate.

### W. C. T. U. Has New Members Recently

ELLWOOD CITY, July 13.—The regular monthly meeting of the Women's Christian Temperance Union took place Friday evening at the home of its president, Mrs. Harry W. Brown of Pittsburgh Circle. A good attendance was present and it was announced that the local union had already secured the requisite five new members asked by headquarters in honor of the retiring of the state president, Mrs. Ella M. George after 22 years of service. This takes place at the convention in October.

The members also planned for a picnic to take place in August with the following committee to make final arrangements: Mrs. Ed Christy, chairman; Mrs. S. A. Hartung, Mrs. Edith Barnhart and Mrs. B. F. Morrison. Mrs. Morrison as head of the Soldiers and Sailors work reported that several useful articles had been sent to the sanitarium in Aspinwall.

The next meeting of the union takes place August 9 at the home of Mrs. H. R. Reynolds of Sixth street.

### Minister And Family To Take Trip West

ELLWOOD CITY, July 13.—Rev. and Mrs. A. M. Stevenson and family of the Pittsburgh Circle leave Monday on an extended motor trip of the west. Their destination is Bozeman Mont. the home of the former's parents Mr. and Mrs. T. Frank Stevenson. The Stevensons plan to camp along the way. They expect to be gone about six weeks.

During the interim Warren Griffith, theological student in New York and son of Mrs. Esther Griffith of this city will substitute also Rev. Dr. S. A. Kirkbride and others.

### Beaver Falls Class At Ellwood Club

ELLWOOD CITY, July 13.—The dining room of the Ellwood City Country club was a riot of color and a bower of beauty when 50 members of the Hortense Vergé Bible class of the M. E. church, Beaver Falls, with their mothers met on Thursday evening for the annual banquet. Mrs. Andrew Shea asked the invocation. Presentation of roses to the mothers present was a pleasant feature of the early part of the evening. Songs of long ago as well as cleverly composed modern numbers were sung during the serving of the menu. Mrs. J. Ellis Jackson, president of the class, presided and acted as toastmistress, welcoming the guests and on behalf of the class presenting Mrs. Fred Dunlap, the teacher, with a corsage of roses.

Following the dinner a short intermission was enjoyed on the veranda, and later all were invited indoors where a two-hour program was presented. Following is program as it was carried out: Gypsy dance, Ruth McLaughlin; reading, "Her Photograph," Mrs. J. C. Twinn; address, Mrs. Fred Dunlap; skating dance, Mrs. McLaughlin; reading, Mrs. J. C. Twinn; playlet, "Six Stages of a Girl's Life," lullaby, "Sweetest Little Baby," Mrs. J. Ellis Jackson and infant; bed-time story, Mrs. J. C. Twinn and Dorothy Markel; Her First Recitation, Mrs. Raymond Hetzler and Mrs. Otto Howman; sweet girl graduate, Mrs. Gertrude Sahli and Mrs. Fred Dunlap; the bride, Mrs. Holden and Mrs. Otto Howman; Home Sweet Home, Mrs. Bellis, Mrs. Markel. The program closed with the members and their guests singing "Taps."

### Ladies Enjoy Bridge At Country Club

ELLWOOD CITY, July 13.—A good crowd attended the Ladies evening dinner-bridge party at the Country club Friday evening. At the conclusion of an attractive menu seven tables of bridge were in play.

The evening passed pleasantly in a series of games resulting in the presentation of high score honors to Mrs. W. R. Thompson and Mrs. Theodore Markwort.

Out of town guests present were Mrs. Charles Riley of New York, Miss Gertrude Jamison of New Kensington and Miss Ruth Bair of New Castle. The guest prize of the evening went to Mrs. R. J. Farrel.

Miss Ellice Barton and Miss Blanch Fisher were in charge of the affair.

### Mrs. O. E. Wick Club Hostess

ELLWOOD CITY, July 13.—Mrs. O. E. Wick of Spring avenue entertained the members of the A. M. L. club Friday evening at her home.

The evening passed pleasantly with two tables of bridge in play at the conclusion of which score honors went to Mrs. Howard Wilson and Mrs. Dave Jones.

Later the hostess served delicious refreshments. In two weeks Mrs. Harry Steinberger of Wayne avenue will entertain.

## World War Vets Are Assembling For Reunion Event

(International News Service)  
SHAMOKIN, Pa., July 13.—Hundreds of World War veterans, the vanguard of the 1931 reunion train, 28th division, straggled into Shamokin today to welcome General Henri J. E. Gourard, one-armed French war hero, to the division's second biennial convention here.

Col. J. C. Smith of Allentown, Major John T. Drake, Capt. E. E. Moyer, Major Henry A. Renninger, Major Harry A. Hall, Capt. W. A. Ruch and other officers of the famed fighting unit were expected to arrive here today.

The full war strength of the unit was 1,200 men, of whom Philadelphia furnished three companies and Lebanon, Harrisburg, Reading and Shamokin each one.

Several towns, including Lebanon and Harrisburg, are bidding for the honor of playing host to the 1932 meet.

Reports Are Not  
True

(BULLETIN)  
(International News Service)  
WASHINGTON, July 13.—Reports published today to the effect Vincent Massey, Canadian minister, had threatened his government will impose a higher tariff on wheat if the United States raises the tariff on certain commodities Canada is interested in, was denied today by Secretary of State Stimson.

"I wish to deny unequivocally," Stimson said, "that any such statement was made by the Canadian minister or any representative of the Canadian government to me or to any representative of this government."

"There has been absolutely no such protest or threat or any mention of such a subject at all that I know of, and I think I would know of it if it had been made."

"I wish to emphasize this because the Canadian government has been most scrupulously correct and careful in respect to any comment on our tariff or tariff making. They have absolutely avoided anything in the nature of provocation."

"The same is true of the British. I am speaking of both parties to the alleged story."

## Rome Fliers Take To Air Briefly

Williams And Yancy Make  
Flight In Small Italian  
Plane

(International News Service)  
ROME, July 13.—Roger Q. Williams and Lewis A. Yancy, first American aviators to fly from the United States to Rome, again took to the air today, but only for a brief time.

They visited the military air field at Monte Cello where they were shown the Italian plane Savoia 64. They borrowed two small Italian planes and flew to the Littorio flying field to inspect the motor of the Pathfinder—the Trans-Atlantic plane—in preparation for an exhibition flight they intend to make tomorrow.

The airmen lunched with the military attaché of the United States embassy. The afternoon and evening program called for two receptions, one by the Foreign Press Association, the other by the Fascist party.

The chief event on Sunday's program is the audience the pope will grant the airmen.

## Prussia, Vatican Form Church Pact

(International News Service)  
BERLIN, July 13.—A Socialist and a Catholic bishop met here and signed an international treaty between the Vatican and the state of Prussia, regulating the status of the Catholic church in that state.

The Socialist was Premier Otto Braun of Prussia. The bishop was Mgr. Dr. Eugenio Pacelli, archbishop, papal nuncio in Berlin.

Treaties between state and the Vatican are called "concordates" but this word was carefully avoided in the treaty with Protestants and Socialists Prussia in order not to challenge opposition.

James Allen, aged 10, of 605 Spruce street, reported to the police Friday that he was riding his bicycle on Crawford avenue, near East Main street, when a small boy named "Freddie" and four years of age, who resides on East Main street, ran from behind a bread wagon and was hit and knocked down by the bicycle. The little fellow was not seriously injured.

## New Flight Record May Be Attempted

Plane Goes In Air At St. Louis  
For "Continuous Flight"

(International News Service)  
LAMBERT FLYING FIELD, St. Louis, July 13.—Bound upon what may be a new attempt to shatter the endurance flight record hung up in California late yesterday, a Curtiss-Robin monoplane, specially constructed for sustained flight, took off here today for a "continuous flight test."

A sealed paragraph from Washington was installed in the plane to check against its touching the ground. The plane is equipped with catwalks at the side of the engine to permit adjustment of the motor in the air. The pilots, Dale "Red" Jackson and Forrest O'Brien, have a pump-and-bag, a 175-gallon tank will give the plane a 24-hour cruising radius.

# Stewart Is Told Senator From Utah Chews On Fountain Pen, Not A Cigar

By CHARLES P. STEWART  
Central Press Staff Writer.  
WASHINGTON, July 13.—In referring recently to Senator Reed Smoot's anti-cigarette stand, proclaimed by him just before congress recessed in June, I took it for granted that the Utah lawmaker would like to have his own freedom from the tag habit emphasized.

So, to please him, I went out of my way to explain.  
"He smokes cigars himself."  
Suppose a chronicler were to say of the 18th amendment's author:  
"Senator Morris Sheppard is an ardent dry. He drinks milk himself."  
Is it likely that the Texan would resent it?—even though the statement were made in error—and he could prove that that stuff he was drinking in the senate restaurant the other day was some sort of an artificial emulsion, instead of milk.

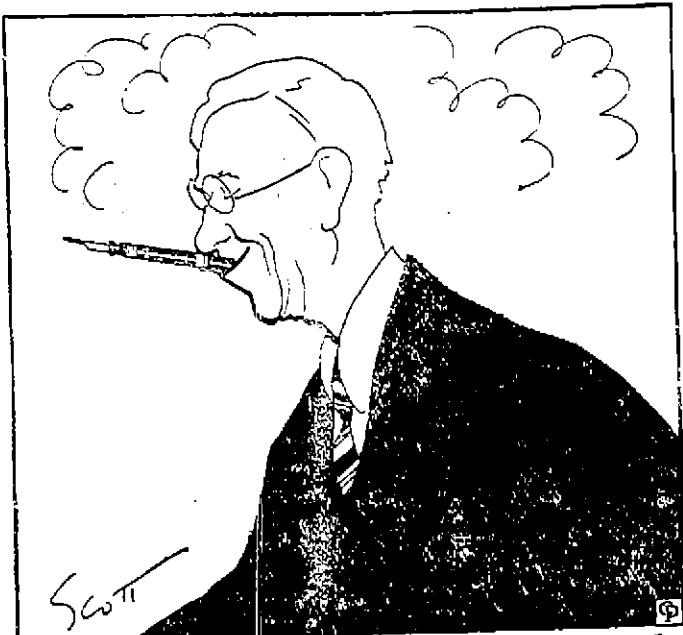

When a member of congress practices what he preaches, it is a matter of news these times.  
Senator Smoot preaches against cigarettes—and utters them.  
Being certain on this point, in order to rub the idea in, I told what I believed he did smoke.

It was no snap judgment on my part.  
To verify my recollection—for I was pretty sure I had seen the senator with a cigar in his face—I paid a visit to the senate finance committee room, where he was helping to boost the tariff bill—for an actual eye-witness look.

There was the Utah statesman all right.  
Hold occasionally between his fingers, as a kind of baton to gesticulate with, at other moments gripped between his teeth or shifting from corner to corner of his mouth, precisely like a cigar, was what I will guarantee that anyone would have taken from where I sat, to be a long, black panatella.

Comes now a spokesman from the Mormon legislator, and assures me that it was the butt end of a fountain pen which Senator Smoot was chewing on.

His spokesman denies that the senator uses the weed in any form.

"SMOOT GETS ALL THE KICK HE REQUIRES OUT OF A FOUNTAIN PEN."

Very well, I accept his spokesman's word for it.

The senator was a crowded roomful distant from me. The haze of tobacco smoke made the light poor anyway. Say I was mistaken.

What of it?

"Why," answers the senator's secretary, "you accuse him of smoking cigars."

Accuse him!

Would he call it an accusation to have it said of him that he eats three meals a day?—when it may be that he gets along on two.

However—"evil to him that evil thinks."

Since the senator thinks so evilly of cigar smoking, no doubt the statement that he smokes them does amount to an accusation, according to his lights.

I always knew that cigarette smoking was wicked.

That notion was inculcated into my mind at an early age. Cigarettes were generally so regarded then. It was thus that I acquired the habit.

But cigar smoking!

I never supposed that any but a very, very few cranks considered hedges

## Plan 7000 Mile Coast To Coast Flight In Plane

(International News Service)  
CHICAGO, July 13.—A 7,000-mile flight from coast-to-coast with Chicago as the starting point will be undertaken by Capt. Roy Ammie and Capt. C. E. Nelson, former army pilots, according to plans announced today.

If successful, the flight will establish a new long distance record, a new mark for non-stop flying and will shatter all records for distance refueling.

The two plan to take off this month in an International F-18 cabin biplane equipped with a 200-horsepower Wright whirlwind motor. The plane is being made ready in Cincinnati.

## THROUGH THE HOLE IN THE HILL

Peter, being a boy, could not forget as quickly as the insect folk, and, thinking of all that he had seen and heard while in the Spider web he walked on and on. When at last he did "come to" and realize where he was going he found himself at the very foot of what appeared to him like a mountain. He stood stock still and looked about him. But he couldn't get his bearings.

"I believe I have lost my way," said Peter, to himself, his heart turning upside down at the discovery. "I am sure I am nowhere near home for this seems to be a hill very much higher than the hill behind our house and I can't remember any other hill nearby us. Or I may be mistaken. This may be it. Seems mighty steep but perhaps if I climb to the top of it I can find out where I am. I can't see a blessed thing down here in the grass."

Steep the hill certainly was, and the road was rough as Peter, to his sorrow, found out when he started to climb. His feet wouldn't serve him as they should, at all, and the boy actually had to take to his knees and crawl. He had gone only a short distance when he felt the ground giving beneath him. Peter supposed he was tumbling back to the foot of the mountain. Instead he crashed through what must have been a hole in the mountain's side. Down, down, down dropped Peter until at last, a bit dizzy but with no bones broken, the boy landed on a soft bed of dry leaves that crackled as he dropped upon them.

It was dark as night and until Peter's eyes had become accustomed to the darkness, he didn't dare move for fear of falling farther. Suddenly Peter became aware of a sharp pain in his leg. When he reached down to rub the aching spot he found something had pierced the skin and was still sticking there. Peter pulled it out, and held it up before his eyes in the dim light to which gradually he was becoming used to.

"A splinter!" gasped he. "Where

**Colorado Town Too Generous To Tramp**

(International News Service)  
COLORADO SPRINGS, July 13.—Vagrancy was the charge when James Lee, "Man about the country" was taken before a justice of the peace here recently but the charge did not worry Lee as much as his physical discomfort.

Lee, according to the arresting officer, began his "vagrancy" by visiting one of the fashionable homes near his Pike's Peak city and asking for a meal. Instead of a meal he got a banquet.

Encouraged he went to the next home. Here he was treated to a feast that made the first look shabby.

His hunger very well satisfied, but still feeling able to devour another "handout" he went to the next mansion. Here he was given a dinner fit for a king.

All this happened in quick succession only to be followed by a trip to city jail. The jailer look pity on him and thinking no looked wan offered him a fourth meal. Lee accustomed to only "handouts" on his weary treks about the country was simply astounded and could not refuse food when it was set before him.

Leads the World in Motor Car Value

Delivered, Fully Equipped  
Prices of 23 "400" Models,  
**\$965 to \$2140**  
including Touring, Roadster, Coupe, Cabriolet, Victoria and Sedan Models

## PRICED TO GIVE YOU GREATEST VALUE

CONSIDER the delivered, fully equipped price of this charming Nash "400" Sedan, and you'll see immediately it is a car you certainly should consider, when you get ready to buy.

For here, at a delivered, fully equipped price much lower than you would expect to pay for a car of its size and character, is an Advanced Six "400" Sedan with the Twin Ignition, high compression, valve-in-head, 7-bearing motor—with the beauty and style that have made the "400" a heavy favorite among all the year's new cars—and with a host of other costly-car features never available before in this price field.

Such features, for instance, as Bijur Centralized Chassis Lubrication which oils 29 chassis points at the pressure of a pedal. And alloy steel springs individually designed for its size and weight, correlated with Houdaille, double-action, outboard-mounted, hydraulic shock absorbers. And the "world's easiest steering!"

These are only a few of the features of this Nash "400", but they give you an idea of its greater value and the extraordinarily fine performance you may expect from it.

The delivered, fully equipped price on this, and on all "400" models is lower, for the simple reason that all this equipment—Bijur Centralized Chassis Lubrication, Houdaille hydraulic shock absorbers, bumpers, spare tire lock, and tire cover—is installed at the factory and included in the factory price. Some dealers charge as much as \$50 to \$60 extra for bumpers alone.

## Y Camp Boys Have Athletic Contests

With the water in the Slippery Rock creek back to normal, the boys at the Y. M. C. A. camp near Harlansburg have resumed their activities from the diving board.

Friday evening there was quite a camp fire program. Around a huge fire blazing 12 feet into the air, special solos and duets were sung by Lloyd Harris, Bob Rodgers, Donald Cole, William Caven, Joe Fisher, Jim Foster, Gethin Thomas and Jim Houston.

Jim Houston made a hit with a song of his own composition while Walter Wood and Roger Meermans entertained the group with a number of stories.

New arrivals at the camp included Charles McClelland, Dick and George Keller of Grove City and Dean Gibson of this city.

Athletic contests have been going on. Friday, the Mohawks defeated the Heavy Hitters and the Pirates defeated the Cardinals in volleyball. In baseball, the Pirates bowed to the Heavy Hitters by a big score and the Cardinals took over the Mohawk team.

### Thaw Took Big Loss On Book "The Traitor"

(BULLETIN)  
WASHINGTON, July 13.—Harry K. Thaw lost \$32,718 on his book, "The Traitor," according to a suit entered before the board of tax appeals today against the internal revenue bureau.

Thaw sought relief from an additional tax assessment of \$7,000 levied against him by the government.

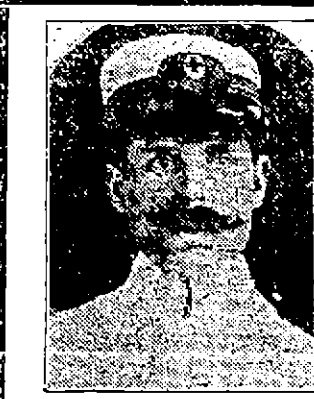

Publication of "The Traitor" by a Philadelphia publisher cost \$37,254, according to Thaw, but the internal revenue bureau computed the cost at \$31,107.

Fifty thousand copies of the book were printed, 45,000 of which are still on hand. Thaw claimed the remaining books were worthless, while the government fixed a valuation of \$69.21 a hundred. Thaw declares a loss of \$32,718 on the "Traitor" while the internal revenue bureau held the loss was only \$3,690.

Thaw reported a net income for 1928, the year's taxes involved, of \$80,324, of which \$55,190 was ruled subject to taxation.

### Elks Of District Coming As Guests

Northwest Association Of B. P. O. E. To Meet Sunday Afternoon

New Castle Lodge, No. 69, Benevolent Protective Order of Elks, will be hosts to members of the Northwest Elks Association when they gather here tomorrow afternoon for a regular meeting. The organization comprises 18 different lodges between Coraopolis on the south and Warren, O., on the north.

Today the organization is meeting at Oil City and completing final arrangements for various Elks activities, among which is the proposed students' air fund which the association plans to sponsor. At the meeting tomorrow afternoon these plans are expected to be announced.

The meeting has been called for 3 o'clock. The visiting Elks will be guests at a dinner in the home following the meeting.

### Extension Granted Nickle Plate R. R.

(BULLETIN)  
WASHINGTON, July 13.—The Interstate Commerce Commission today granted the Nickel Plate railroad, controlled by the Van Sweringen brothers,

an extension, of 30 days to dispose of the 17 per cent of stock it holds in the Wheeling and Lake Erie railroad.

Control of the Wheeling and Lake Erie was gained by the Nickel Plate, New York Central and Baltimore and Ohio railroads some months ago. The latter two roads subsequently sold their holdings to the Allegheny Corporation, a Van Sweringen subsidiary. Then the commission ordered the three roads to show cause why they should not divest themselves of this stock ownership "illegally" held in violation of the Clayton anti-trust law.

### Crane Will Leap From Aeroplane

Detroit Jumper Is Coming To Bradford Field; Big Plane Coming

Joe Crane, noted Detroit parachute jumper, will make a jump tomorrow afternoon at 4:30 o'clock on the Bradford Flying Field on the New Castle-Harbor road, it is announced.

Crane was the jumper who made a leap at the same field during the past summer.

With Crane will be a giant 14 passenger Ford Tri-Motor plane direct from the Ford-Stout company in Detroit, it is stated.

This plane, one of the largest that has ever been here, will create quite a bit of interest.

The plane will be on the field throughout the entire day.

Still, if a reform idea is right, it isn't less right because one of the leaders is caught being naughty.

## Merchandise Refused—Credit Rating N. G.

"Do you know that three stores in which I have old accounts have refused to deliver merchandise to me?" exclaimed a recent irate visitor to the Credit Exchange.

As usual, the card in the Credit Exchange office was consulted.

"This record shows all bills unpaid for the last three months."

"But I am able to pay." And she looked her disgust.

Credit is not ability to pay. It is willingness to pay. If you are able to pay your bills promptly, but unwilling, soon you are without credit, regardless of your material possessions.

If the merchant's credit terms are thirty days and you take sixty or more in which to pay, your account is a disappointment and your credit rating is injured.

# Young Woman Is Duped By False Lover; Loses \$5,000

## Lawrence County Officers In Camp

(International News Service) WASHINGTON, July 13.—It cost Mrs. Martha Pulaski, 35, buxom and pretty, of Winding Gulf, W. Va., just \$5,000 in cash to learn of the faithlessness of her lover.

The police have a warrant for Raymond Mills, 45, who, according to Mrs. Pulaski's story makes love in four languages.

Mrs. Pulaski has returned to her Winding Gulf home, and this is the story she left behind.

She met Mills three months ago in the West Virginia town where she owned a thriving restaurant. A violent courtship ensued, and Mills urged that she sell her business and come to Washington where they would be married.

Mills came on here first to look for a suitable place to set up business and several days ago wired his fiancée to come. She sold her restaurant for cash and because of that received less than it was worth, she said.

Her brother, Walter Chesman, a drayman of Winding Gulf, took her money to Washington at Mills' request. Mills met Chesman, told him that gunmen infested every street corner. Chesman entrusted the \$5000 to Mills, then the latter remembered a telephone call.

That's the end of the story until Mills is caught.

**LIFE'S ANTE-ROOM**

How many of us live all our lives in the ante-room! Next year, year after next—sometimes, somehow, somewhere—we are going to do the things we want to do. We may be vague about them or we may be definite, but they are things we are going to do after awhile. The normal, reasonable, happy way is to live now—in the present. Don't put off doing the things you are going to do, or think you are going to do, some time. If you want to read books, some day, organize your time so you can read them now. If you are going to buy something by and by, buy it now, on the installment plan. If you are going to make a long hoped-for trip some vacation, make it this vacation. Don't live all your life in the ante-room. Go on in.

# Studebaker announces a larger, finer DICTATOR SIX

ONE HUNDRED AND FIFTEEN (115) INCH WHEELBASE

## at a lower price

**\$995**  
at the factory

STUDEBAKER'S famous Dictator Six, the finest car ever built and sold at its price, now becomes a still finer car—offered at a still lower price!

Wheelbase of The New Dictator Six has been increased to 115 inches. It is fleetier, lower—smarter in line and color—smoother in its supple power—than its champion predecessor, The Dictator which sped 5,000 miles in 4,751 minutes.

Studebaker's unique One-Profits manufacture alone permits such a car to be sold at a price lower than that of any Studebaker closed car in history.

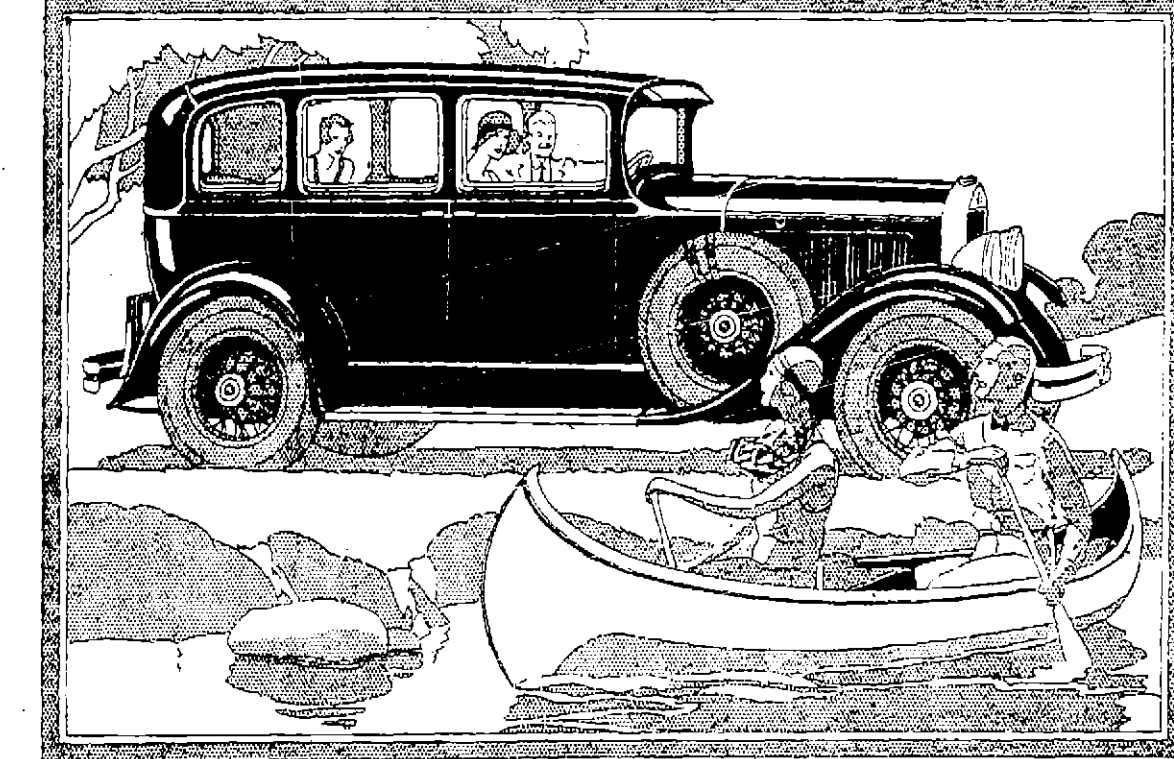

The New Dictator Six, companion to The New Dictator Straight Eight, is low-swung on a costlier double-drop frame which enhances security.

Power is remarkably smooth from idling to mile-a-minute motion, and beyond. Studebaker performance, which holds every official stock car speed and endurance record, is strikingly evident in The New Dictator.

Find a rough stretch and float over it with hydraulic shock absorbers to insure restful riding.

Take stock of the The New Dictator's interior—Studebaker fine-car quality is apparent wherever you look.

Come take the wheel of The New Dictator Six, or Eight. Whatever you drive now, you will be impressed with The New Dictator's champion quality, at its low One-Profits price.

115-inch wheelbase.  
Rubber engine mountings and bronze-backed and babbit-faced crankshaft bearings provide maximum life and smoothness.  
Lanchester vibration dampener.  
Oil filter, gasoline filter and crankcase ventilating system insure maximum engine efficiency.  
Fuel pump insures constant, adequate flow of gasoline, regardless of speed or grade.  
Thermostatically controlled cooling system retards flow of water until motor has reached precisely correct temperature for highest operating efficiency.  
Timken tapered roller bearings in rear axle, front and rear wheels and steering knuckles.  
Double-drop frame of new compound flange design—far costlier, but sturdier, safer and permitting graceful lowness of body lines.  
Hydraulic shock absorbers, front and rear.  
Genuine mohair upholstery.  
Upholstered arm rests at each side of rear seat, which is 46 inches wide.

Hardware of soft Butler finish, further beautified by an etched design.  
Full-size, full-ventilated bodies of steel over hardwood foundation—the accepted fine car coachcraft.  
One-piece steel core safety steering wheel.  
Fully adjustable steering wheel and front seat.  
Amplified-action 4-wheel brakes which stop The Dictator in half the distance accepted as standard.  
Tarnish-proof chromium plating of all exterior brightwork.  
Tilt-ray headlights for added convenience and safety, controlled by switch on steering wheel.  
Coincidental lock to ignition and steering assures Dictator owners lowest theft insurance rates.  
Complete dash equipment including speedometer, hydrostatic gasoline gauge, oil pressure gauge, ammeter and engine thermometer, neatly grouped under glass and indirectly illuminated. Auxiliary floodlight to illuminate driving compartment.

The Dictator may be driven 40 miles per hour the day it is delivered—the result of advanced engineering, precision workmanship and careful inspection.

**MODELS AND PRICES**

## Anniversary Of Penn's Landing To Be Commemorated

Commission Recently Appointed By Governor Fisher Starts Arranging Plans

(International News Service) CHESTER, Pa., July 13.—Members of the William Penn landing commission, recently appointed by Governor John S. Fisher, have started already arranging plans for the celebration to be held in 1932 in observance of the 250th anniversary of the landing in Chester of William Penn in 1682.

Members of the commission are:

## Justice William I. Schaffer of Haverford; Alva B. Johnson, Philadelphia, president of the state Chamber of Commerce; Owen Wister, celebrated author of Bryn Mawr; Edward I. Stotesbury, noted financier, and A. P. Irwin, Philadelphia merchant.

The commission will submit its recommendations to the state legislature at its 1931 session for approval.

## Girl Tries Suicide After Exhibition In Show Window

(International News Service) BALTIMORE, July 13.—The life of a candy dipper is not as sweet as some may believe. Miss Elizabeth Bryant, 21, pretty and an expert chocolate dipper, became melancholy when she was removed from the plant to the company's show window to demonstrate how candy is covered with chocolate.

Boy cake-eaters snickered at her from the outside, and children made faces. That's what her mother, Mrs. Catherine Bryant, told physicians today at the hospital where Elizabeth is recovering from poisoning.

"Rather, than face another day of

It in the window she tried to take her life," the mother said.

## Mrs. Katherine Tingley Noted Theosophist Leader Is Dead In Stockholm

Founded Lomaland In California—Career Stormy  
At Times

Thurston Will Case One Of  
Memorable Events In  
Her History

STOCKHOLM, July 13.—Mrs. Katherine Tingley, noted theosophist leader, died here at Västgö after an illness which followed a motor accident in Germany. She was seventy-seven.

Her right thigh and left ankle were broken May 30, when the automobile in which she was riding swerved from the road near Osnabrück and crashed into a concrete bridge.

She recovered sufficiently to be released from the hospital and insisted she be taken to Västgö, the headquarters of the Swedish theosophical community. There her injuries developed into the illness from which she never recovered.

She had a crowded lifetime and was prominently connected throughout, particularly in her later years, with theosophy in its world-wide aspects. She resided at various times in Cuba, the United States, and in Europe.

The work of Mrs. Tingley, leader of the Universal Brotherhood and Theosophical Society, according to her associates, was inseparably linked with that of her predecessors, Madame Blavatsky and William Q. Judge. Under her direction the message of theosophy went to virtually every country in the world and attracted to the movement such prominent men as Lyman J. Gage, former secretary of the treasury, the late A. G. Spaulding, the father of baseball, E. A. Herreshimer, New York merchant, Frank W. Pierce, another wealthy New York man, and others, who at times made their home in the colony Mrs. Tingley established in 1900 on the Pacific coast.

Founded "Lomaland," at Point Loma, near San Diego, a large estate where are situated the international theosophical headquarters, the Raja Vaya College and Theosophical University. The buildings include an open-air Greek theatre.

Mrs. Tingley's career was at times beset with difficulties. Relatives of some wealthy persons who contributed

large funds toward her work, upon the death of these followers, sued the theosophical leader. In one instance also, Mrs. Tingley was made defendant by Mrs. Irene M. Mohn in an action for \$200,000 damages for alleged alienation of the affections of her husband, Dr. George F. Mohn. A California jury awarded Mrs. Mohn \$100,000, but Mrs. Tingley appealed to the state supreme court.

The Thurston will case in 1912, with its allegations of "undue influence" exerted by Mrs. Tingley over the aged Harriet Patterson Thurston, also drew attention. Mrs. Thurston, a wealthy western Pennsylvania woman, had married Clark Thurston, seventy, a member of Mrs. Tingley's "cabinet," at Point Loma. On Mrs. Thurston's death, she left an estate valued at about \$600,000, the bulk of which she willed to her husband.

Declaring that Thurston was merely the agent of Mrs. Tingley, George L. Patterson, a son of Mrs. Thurston, contested the will. After an eighty-day trial in the San Diego courts, the will was denied probate. The case was later settled by agreement, forty per cent of the estate going to Thurston and Mrs. Tingley, and sixty per cent to Patterson and others.

## Sold Liquor, Wife Says In Divorce Plea

Mercer County Woman Says  
Husband Was Too Lazy To  
Work And Was Cruel  
To Her

MERCER, Pa., July 13.—Judge McLaughry has signed a decree in the divorce of Pearl Todut against her husband Andrew Todut, Jr. The couple were married in 1925 and have a daughter 2 years old. Each is 23 years old.

The wife in her testimony alleges cruel and barbarous treatment and claims he used profane and vile language to her every day. She claims that he was lazy and that during the time they lived together he was engaged in bootleg business for his mother and that he was even too lazy to sell the liquor. She remonstrated with him for selling liquor and this was one of the main reasons why she left.

## Discuss Traffic Problems With Solons

Grove City Citizens Present Petition For Traffic Control  
At Busy Corner

GROVE CITY, July 13.—A special meeting of Grove City council was held last evening for the purpose of considering a petition of over 200 citizens asking that traffic lights be placed at the intersection of Lincoln avenue and North Broad street. This intersection is the business intersection in Grove City owing to the fact that all traffic to the Cooper-Bessemer plant and the east end must pass this way. The location has been a scene of many narrow escapes.

### GUARD UNIT LEAVES

With college school closed, Grove City has been exceptionally quiet for the past month, but after last evening when the two local units of the National Guard board the Bessemer Railroad train for a two weeks camping at Mt. Gretna the town will be still more quiet.

Many of the officers of the two companies will make the trip to Mt. Gretna by automobile but the great number will leave on the train tonight on special Pullmans provided for their use. They will join other units of the 112th Regiment at Butler.

## South Side Merchants Will Close Half Day During Summer Months

Commencing next Wednesday noon the south side merchants through arrangements made by Edward Reider, Mont and Bill Blau, will close their stores at 12 o'clock noon for the purpose of giving all employees a half holiday a week throughout the summer months. This new plan starts on Wednesday July 17 and terminates Wednesday August 28. To date 52 merchants have agreed to close up on Wednesday and it looks like the plan that failed several years ago due to lack of co-operation will be successful this year. Every store on the South Side with the exception of grocery stores and meat markets are included in the plan. Following is the list of stores that have agreed to the plan:

Clothing stores—S. Blau, Levine and Miller, Eddie Reider's clothes shop, State Hat and Cap Co., Alan-sky Dry Goods store, A. Shapiro, Sam Levine, Nathan Gillis, Sam Farrar, Anne's shoppe, J. S. Klamar.  
Shoe stores—Klines shoe store, Sam Simon, Alpern's shoe store.  
Hardware stores—South Side hardware, H. R. Huston, Joseph J. Jedzinski, L. Wallzak.  
Furniture stores—Fisher's Big store, J. Marlin, Morgan Furniture Co., Hyman Cohen, Drusichel Furniture store.

The choir of Trinity church, two servers, a crucifer and the choir mothers will leave the church tomorrow morning at 8:30 daylight saving time by automobile to go to Conneaut Lake park for the service in the Music Hall at 11 a. m. eastern standard time. All people connected with the parish, who can do so, are asked to attend this service. The bishop of Pittsburgh will be the preacher.

For those who find it impossible to go, the rector, the Rev. Philip C. Pearson, will hold a service and preach here at 11 o'clock daylight saving time. It being the second Sunday in the month, holy baptism will be administered at 12:30 a. m.

## Council Will Discuss Finances

A general business meeting of the New Castle Young People's Inter-Sunday School Council, has been called for Monday evening, July 13, at 8 o'clock. It was announced today. The meeting will take place at the Y. W. C. A. As matters regarding the finances

of council are scheduled to be discussed at this time, it is urgent that a large percentage of the membership be present.

She visited her husband's store. The grocer's new-made bride. And chanced to step upon the scales. As she stood by his side. The absent-minded merchant scanned. Her ninety pounds of freight. And, frowning, muttered, "Oh, my gosh! They've given me short weight!"

# HIGH LIGHTS OF HISTORY

By J. Carroll Mansfield

The Story Of The World War  
60—Camouflage

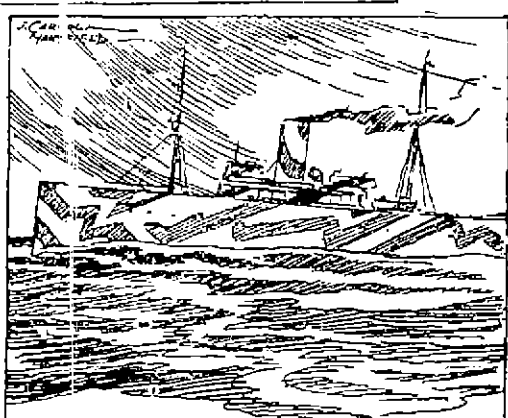

THE NECESSITY OF KEEPING OUT OF SIGHT OF ENEMY OBSERVERS ON THE GROUND AND IN THE AIR GAVE RISE TO THE DEVELOPMENT OF THE ART OF "CAMOUFLAGE", OR DECEIVING THE EYE. ROADS LEADING TO THE FRONT WERE CAREFULLY SCREENED TO CONCEAL THE MOVEMENTS OF TROOPS, GUNS AND SUPPLY TRAINS.

IN EMPLACEMENTS WERE DISGUISED AS LOW, INNOCENT-LOOKING MOUNDS OR CLUMPS OF BUSHES. EVERY KIND OF POSITION, EXPOSED TO HOSTILE EYES, DEPENDED UPON CAMOUFLAGE TO ESCAPE DETECTION. SOMETIMES "DUMMY" POSITIONS, BADLY CAMOUFLAGED, WERE ERIGED TO DISTRACT THE ENEMY'S ATTENTION AND MAKE HIM WASTE AMMUNITION.

INGENIOUS DEVICES FOR COMMANDING A VIEW OF THE ENEMY WERE RESORTED TO. WHAT APPEARED TO BE A DEAD HORSE MIGHT TURN OUT TO BE AN IRON FIGURE CONCEALING A SHARPSHOOTER. ARMED OBSERVATION POSTS MASQUERADED AS TREES OR HAYSTACKS. GUNS AND WAGONS WERE STRIPED WITH COLORS THAT WOULD BLEND WITH THE GROUND AND FOLIAGE.

CAMOUFLAGE WAS ALSO APPLIED TO NAVAL AND MERCHANT VESSELS TO AID THEM IN ELUDING SUBMARINES. SHIPS WERE PAINTED WITH CRAFTY PATTERNS AND COMBINATIONS OF COLORS DESIGNED TO MAKE THEM LESS CONSPICUOUS AGAINST THE BACKGROUND OF SEA AND SKY.

# Davies Fights Marty Gold At Bowl, Monday

## Spectacular Battle Certain To Result

Gold Has Defeated Schwartz, Floored Bellanger, Rocco And Others; Battled Wolgast, Tobias And Genaro; Anxious To Meet Davies; Firpo-Elkhart Battle Cancelled, Result Of Elkhart's Injury; Scarney Meets Haymaker And Martin Clashes With Pickard In Heavyweight Matches; Two Fast Bantamweight Bouts On Card. Expect Big Crowd To Greet Davies On Return And Gold On First Trip To City.

By ED FRITZ  
FISTIC inclined of New Castle and environs can gaze optimistically toward witnessing a great pugilistic show at Jolly bowl as Willie Davies of Charleroi and Marty Gold of Philadelphia have been matched to battle in the main bout of 10 rounds, Monday night.

Or, grudgingly Jack Elkhart and Henry Firpo were added but Elkhart's lip was gashed at Indianapolis and it was necessary to cancel the bout. No formidable opponent was secured for Firpo as the time was short and the two topnotch flyweights were matched.

Fans should reap the benefit in fighting as Davies and Gold are EVENLY MATCHED and gloves should fly from the moment they ENTER. Gold has defeated Izzy Schwartz, fought Midget Wolgast, had Frenchy Bellanger and Steve Rocco down for counts.

In fact one of the reasons why Davies and Gold were matched here was due to a fight they fought at Oil City. They battled like fiends and on one occasion Gold nailed Davies on the chin and the little Welshman hit the floor but got up and shaded Gold. But it was a fight in which the red blood of the fans ran riot. Gold has a reputation of staging hair-raising battles and with Davies as his opponent the fans can expect action. Neither of them are "washed up" and both are in topnotch row of the "division."

Included in Davies' recent victories is a 10 round "go" over Luis Carpena and Jackie Rodgers. Gold has a knockout record that is astonishing for a flyweight and he makes a great hit wherever he appears.

Fought Them All  
Davies Adelman, Frankie Genaro, Blas Rodriguez, Eddie Leonard, Newboy Brown, Phil Tobias and many other topnotchers have been defeated by Gold and he has shown a careful regard for his punch. Several of them have ducked out of return bouts.

Davies has never failed to please here. He has never asked for an easy foe. Willie has fought them all, and Jim Buchanan, his manager, in speaking of Gold, remarked: "We fear Gold more than anyone. He can punch. The rest were merely tap-

But Davies accepted the battle realizing that it will keep him turned up and give him another chance to appear before the fans of New Castle. Gold agreed to come here when he heard that a victory over Davies would install him as the flyweight favorite here.

Marty Gold's whose record is on page 170 of Andrew's annual, will arrive here early Sunday morning and will work out lightly to keep his muscles limber. He will camp at Jolly Bowl. He will stop at the Lisle and will be down to 114 pounds and ready for a sensational fight Monday night at nine bells, D. S.

Lots of Punch!  
Fans who have been clamoring for heavyweights and cruiserweights will witness plenty of swat, as two six round bouts in which big men will punch have been carded, and many fans want to get a glimpse of Harold Scarney, a former foe of Rocco.

Scarney, one of the best looking prospects in the heavyweight division, and who tips the scales at 185, will come from Niles to tackle Rus Haymaker, an undefeated Canadian heavyweights, who is managed by a former New Castle boy, Al Greenwood.

### Pirates Look Like Champions

Pittsburgh Buccaneers Are Making Fine Mid-Season Progress

ATHLETICS MAKE GAIN IN AMERICAN

By HENRY McCLEMORE  
International News Service Staff

NEW YORK, N. Y., July 13.—While the reports from Pittsburgh concerning the two gentlemen who were apprehended while climbing the fence at Forbes field yesterday in order to clinch choice seats for the World Series are no doubt exaggerated, it isn't exaggeration to say that the Pirates are making better than fair progress toward post season frolicking.

Even so astute critic as Joe McCarthy admits that Donie Bush's boys are the club that will have to be beaten this year.

After a better than fair sojourn in their native west, the Pirates came galloping east last Sunday and today have taken three from the Robins and three from the Phillies. Following their date with the Philadelphia outfit the Bucs jump to Boston where their four games with the Braves should net more than a train ride.

Yesterday the Pirates subdued the Phillies, with old Burleigh Grimes tossing his fifteenth win of the season. The victory gave them a three game lead over the second place Cubs who lost in the tenth inning to the Giants, when Stonewall Jackson passed the first ball pitched into the left field stands.

Brooklyn sent the Cardinals further down the chute by singling thrice in the ninth, which coupled with three St. Louis errors, gave them six runs and an 8 to 7 win. Dazzy Vance got credit for the victory, but up until late last night hadn't boasted of it.

A new batch of unglorified, and supposedly less lively balls were used in this game, but the eighteen hits that rattled off the bats made the whole thing look kind of silly.

Philadelphia increased their lead over New York to eight and one-half games in the American when they took a double hit from the arm of Brown. Lefty Grove hurled the first affair and allowed but five hits. Al Simmons ran his home run total to twenty-one, with a four ply swat in each game.

The Yankees swamped the White Sox, 12 to 2, Meusel and Byrd getting homers.

### Goodman Wins Ten Rounder From Gans

By ED FRITZ  
ERIE, Pa., July 13.—Joe Goodman, Jasny Norfolk lightweight in Jimmy Dunn's collection of fighters last night turned in an impressive ten-round victory over California Joe Gans at the arena. Goodman rocked Gans time and again and had him in distress especially in the closing rounds. Gans held considerably and was warned by Referee Jerry Cole in the eighth session. Frankie Rio defeated Ray Collins in the six round semi-final.

### Lively Ball Is Doomed By Current Hitting Orgy; Home Run A Joke Now

By WILLIAM RITT  
Sports Editor of Central Press

NEW YORK, July 13.—The lively ball is doomed. It must go. Having served its purpose—the rescue of the grand old national game (a great phrase though slightly overworked)—the ball must bounce its way right out of existence.

The lively ball has proven too much of a good thing—like holding your 300-pound sweetie on your sagging knee caps all evening. The bang it put into baseball has changed to buffoonery. Hence, the hook.

Nine years ago, when the sour smell of the Black Sox scandal was driving thousands from the ball park, the magnificent home run feats of Babe Ruth made them turn right around and come back.

But the folks wanted to see only Ruth and his herculean swats, which benefited only the Yankees to a great extent.

The lively ball was born and almost overnight budding Babe Ruths appeared on almost every major league team.

Home runs came thick and fast. The good hitters became mighty maulers and the weak ones— But why go into all this? It's ancient history to everyone who reads sport pages.

Let it suffice to say that the sudden avalanche in home run hitting rekindled interest in baseball. And a vast amount of all this slugging that has been going on is due, beyond the merest shadow of any doubt, to the leaping, rubbery spiroid which daily converts weak, harmless pop ups into lethal home runs.

The ridiculous situation in which baseball finds itself today is revealed in the fact that it is easier to hit a home run than smack a triple or steal a base. The good old record books prove it. Wait until I find mine and I'll show you. Here it is:

Last season in the National league a total of 51 triples were hit as compared to 610 home runs. Teams hitting more homers than triples during the 1920 season were the Yankees, Athletics, Giants, Cards, Cubs, Braves and Phillies. In both leagues this year many more homers have been hit than bases stolen.

Thus has the homer fallen from its high estate as the mightiest gesture in the game of ball to a cheap thrill, requiring less effort and skill than grabbing second when the pitcher isn't looking.

But the lively ball is doomed to pass. And with it much of this terrific hitting. The fans are sick of it. There is a prolonged cry for the return

of the old-fashioned pitchers' battles, the hit and run play, the revival of base stealing and all those other arts which made baseball an intelligent game in which skill and brains played the greater role.

First move in what will be a return to normalcy is the action of San Breodon, of the Cardinals, in butting a screen in front of the right field pavilion of Sportsman's park, used by both St. Louis clubs. That spot was a heaven for pseudo home run hitters.

Oddly enough, elimination of such home run traps and creation of a ball with less resiliency is the greatest boon that could possibly come to Babe Ruth, the old king of homer hitters himself.

When a homer once becomes an honest-to-goodness four-ply smack Babe should shun in his true light—the greatest slugger of them all without question. He doesn't need a lively ball. He proved that by his great slugging in the days before the jumping jack missile appeared on the scene.

Today at Centennial field the Chicago Rangers and feminine baseball team will play the I. A. A. at 2:15 p. m. Immediately afterward the I. A. A. and Wampum will clash in a Lawrence County league game. Many fans will witness the game. It is the first time in years that a "Bloomer girls nine has appeared here.

### Strange As It May Seem

By Central Press  
Beaumont has never won a Texas league pennant. The town has been trying for 22 years. This Speaker once batted only .187. This was during the only seven games he played with Boston in 1907. He made three hits in 18 times up. As a result he spent the next year in the minors. But he came back in 1909—and how! Sheldon Le June once threw a baseball 426 feet, 9 1/2 inches. This remarkable feat occurred Oct. 12, 1910. Davey Bancroft, vet shortstop who was as good as they come in his younger days, didn't hit .300 until he had been in the big leagues seven years. And he didn't break into the big time until he had spent six years in the minors. This season is Davey's 20th on the diamond.

### First M. E. Loses To Presbyterians

Melder Holds Slugging Methodists in Check In Hard Fought Contest

Melder of the Central Presbyterians held the hard hitting First M. E. team to three scattered singles in one of the best games of the season in the New Castle Church League, the Presbyterians winning by a score of 2-1.

It was a hurling duel from the start of the game and while Shoaff yielded eight hits, the Central boys were unable to bunch them. The Methodists also fished well.

Both teams scored in the fourth inning and it was not until the seventh that the Presbyterians were able to put across the winning run. Melder also led with the stick, getting three singles.

### ROCCO-RISKO TO BATTLE JULY 29

Emmett Rocco and Johnny Risko have been matched for a second fight at Cleveland July 29.

The American Legion is sponsoring the show which will be held in Luna Park.

Rocco defeated Risko, sprang into prominence but later was stopped by Otto Von Porat.

Risko asked for a return battle with Rocco and the bout is now assured.

Yesterday the champion jogged five miles over the roads and stepped eight rounds with his sparring Matef. Today he will continue his road work and probably work ten round inside the ropes.

## British Stars To Meet Yanks Today

International Track And Field Meet To Be Held At Cambridge

### BIG CROWD TO WITNESS MEET

By DAVID J. WALSH  
Sports Editor International News Service  
CAMBRIDGE, Mass., July 13.—After a lapse of 150 years or more, they will hold another Boston Tea Party here today, with slight variations from the original program, which called for tea with the water, the latter happening to be over in the harbor and therefore, handy. This time, it will be water with the tea, a custom of polite society nowadays. The principals this afternoon are undoubtedly polite. They are the combined track and field teams of Oxford and Cambridge on one side and those of Yale and Harvard on the other and a nice time undoubtedly will be had.

There isn't a harsh word on the campus today for the lack of internationalism in a big, broad way and so compatible are their mutual intentions that the matter of winning the meet may be overlooked altogether in the general amity of the occasion. There are twelve events on the program and, with only first places counting in the team score, it is quite possible that the tie will be the result. The British are slight favorites at that. Incidentally, the tea idea may not be as silly as it sounds. Other Oxford-Cambridge teams have been known to indulge in the ritual before, after and between races and perhaps the present squad has its addicts, too.

No Super-Stars  
Only the developments of the afternoon can determine what else the squad may have. On paper, it is no longer has super-stars and Olympic champions such as Rudd, Abrahams, Lower and Lord Burghley and, therefore, looks the part of a ready victim. However, the British looked like that the last time and their rejoinder was to score a 10 to 2 victory over Harvard and Yale at Stamford Bridge, London. In consequence, another British victory today will prove something, only nobody seems to know just what. Some seem to think it will prove that Harvard and Yale haven't one good track team between them. They ought to know better. This was proved long ago.

The program of twelve events calls for the following: 100 and 220 yard dashes; 120 yard and 220 yard hurdles; quarter mile, half mile, one mile and two mile runs; the pole vault, running broad jump, running high jump and shot put.

Norton With Invaders  
Bayes Norton, former Yale man, is one of the ranking stars of the invaders. He will go in the sprints and broad jump and probably will score at least a first place somewhere. E. G. Green and S. W. Townsend are a couple of good British milers, capable of 4:20 or thereabouts, which means a clinching race with the Harvard entries. However, the stand-out man of the British is supposed to be Roger Leigh-Wood, a member of England's 1600-meter relay team in the last Olympic games. Leigh-Wood will start in the quarter mile with Engle, of Yale, a 49-second man who placed in the recent intercollegiate. They ought to make quite a foot race out of this one.

In fact, it ought to be quite a meet, with the result a question right up to the last event. The boys will be very polite about it, no doubt, but they will also struggle. Indeed, they will do more than that. They will strive.

Actual ill health may result from marital inharmonies, says Dr. Marie Winchell Walker M. D. New York physician and psychoanalyst. On the other hand, harmony in marriage is a condition of healing.

## Three-Year-Old Classic Race At Arlington Track

(International News Service)  
CHICAGO, July 13.—A crowd of 50,000 persons was expected this afternoon to witness the \$60,000 added American classic at Arlington track here which will decide the three-year-old championship. The field includes a very big stake winner of that age of the year both east and west.

Among the starters will be Clyde Van Dusen, Kentucky derby winner; Dr. Freedom, winner of the Pre-ness; Blue Larkspur, which won the Withers and Belmont stakes in New York; Windy City, winner of the American derby; Rose of Sharon, which captured the Ashland Oaks, Kentucky Oaks and Latonia Oaks, and Grey Coat, which won the Dwyer stakes.

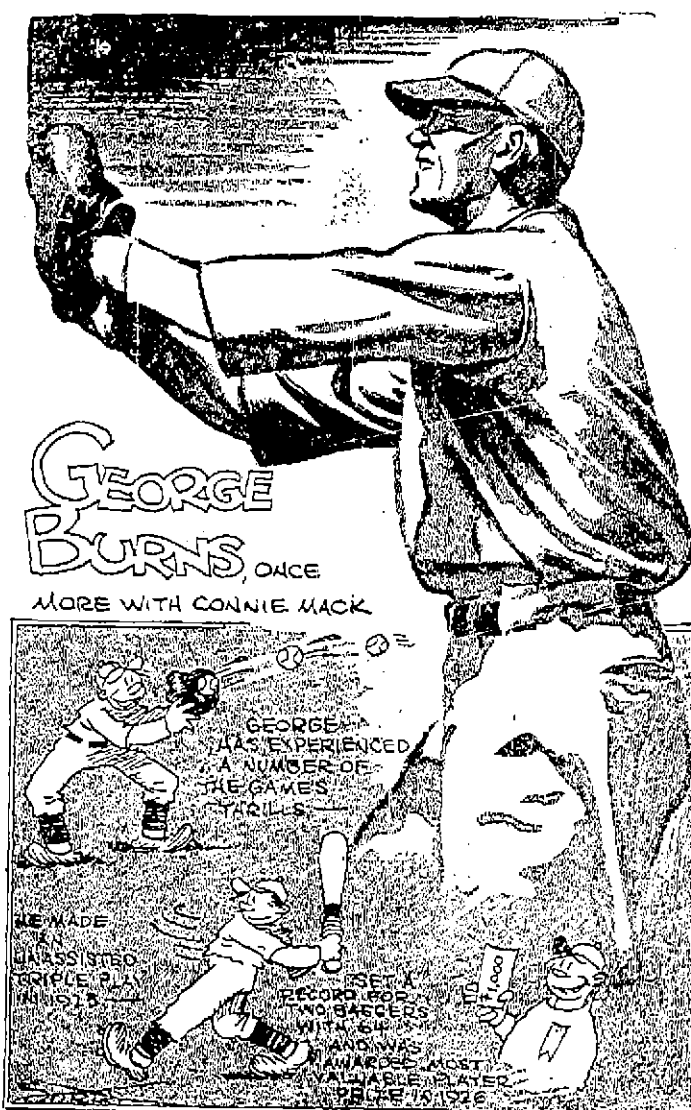

In the overnight betting Blue Larkspur had been made the favorite at 5 to 2. Rose of Sharon was the second choice at 3 to 1. Clyde Van Dusen was at 4 to 1, and the fourth choice was Grey Coat at 8 to 1.

The Arlington track was fast this morning but rain was forecast for today. Clyde Van Dusen drew number four post position, Blue Larkspur number six and Rose of Sharon number thirteen.

The race is at a mile and a quarter.

## SORDS POINTS

George Burns "Back Home" Once More

By JACK SORDS  
Sports Cartoonist Writer for Central Press.

Back home again—but not in Indiana, as the old song has it—is George Burns, veteran American league first baseman.

George is back home again in Philadelphia. Burns is a Philadelphian. He made his home there while cavorting about alien big league fields. And now the Yanks having released him and the Athletics having taken him on again, George may once more go home to a warm supper when the team's playing at home.

Burns has had a colorful career which is now in its sunset. He has experienced many thrills.

For instance, there was that unassisted triple play which he made in 1923. And then there was that hitting of 64 doubles for a major league record in 1926. On top of that, at the close of the 1926 season Burns was selected as the most valuable player to his team in the American league. With this honor went the usual \$1,000 check.

Burns has been very lucky, too. He seems to drop in on teams about to win a pennant. Burns had broken into the American league with Detroit in 1913 and then went on to the Athletics.

Connie Mack tried to make an outfielder out of him but George didn't prove to be such great shocks in the garden. So Mack let Cleveland have him. George joined the Indians in 1920, the year they won their only league and world championships.

From Cleveland he went to Boston and then back to Cleveland. After his two-base hitting feat in 1926 Burns didn't do so well and late in the 1928 season the Redskins let him go to the Yankees who went on to win the pennant and world championship for that year.

Now the Yanks have let him go and he has once more donned an Athletics' uniform. It may be prophetic of what's in store for Connie Mack and his cohorts. At least Quaker City fans hope so. They're all pulling for old "Luck Bringer" Burns to mascot the A's to a loop and world title this year.

## Phillies Lose To Pittsburgh

Grimes Chalks Up Sixth Straight Victory, Fifteen Of Season

PHILADELPHIA, July 13.—The Phillies chalked up a 6 to 4 victory over the Pittsburgh Pirates yesterday afternoon, which made the 15th victory for Burleigh Grimes, Pirate hurler, this season. It was his sixth straight victory.

Plenty of hitting featured the long-drawn-out fracas, three Philadelphia hurlers being "bicked" for 14 blows. Grimes was effective until the last two frames. He was hit 13 times. Sweetland, Elliott and Benge hurled for the Phils.

Ple Traynor sprained a muscle in the upper part of his right leg and his place in the line-up was taken by Stuart Clarke, a rookie. Earl Adams subbed for Grantham. There were no home runs.

murder trial at Old Bailey, London. She was the second woman lawyer ever to appear in those precincts formerly sacred to men.

## Surely, He's A Smart Jockey!

By QUIN HALL.

When Linus "Pony" McAtee kicked Clyde Van Dusen ahead of that big field in the last Kentucky Derby on Churchill Downs at Louisville, Ky., he proved pretty conclusively that he is a smart jockey.

In many quarters there has never been any doubt concerning the McAtee smartness. Horsemen may tell you that Laverne Facer, the best jockey wearing silks today—they may say that Sande was the greatest rider of all time—but they won't object when you start raving about the ability of Pony. They all know that he is a smart pilot.

McAtee proved that smartness at Louisville. Following the announcement that High Surung would not be a runner several owners approached McAtee with offers to ride their entries. He had quite a string of horses to choose from. He picked Clyde Van Dusen as his mount. Van Dusen according to McAtee's figuring was a good mud runner. It usually rains on Derby Day. "Pony" put the two ideas together and made his selection. It rained and Clyde made good his reputation in the heavy going.

Another example of the McAtee

smartness was exhibited when the horses lined up for the getaway. If memory serves me right Van Dusen was the farthest horse from the pole. It not then he was next to the last. The start was made in a heavy rain. It seemed to take hours to get away. After the rest of the horses had done their share of making life miserable for the starter McAtee and Van Dusen started rushing around in the mud and when the start was finally made McAtee had edged his mount down near the center of the line not a great advantage but nevertheless an "edge."

It was rumored that McAtee made the trip from the East to Louisville with no guarantee but his expenses. He went home with a bankroll to add to his other bankrolls.

Jockey Calahan retired was one of the best finishers in the game and that old timer now rates McAtee as the best of the lot in that respect.

No longer a youngster "Pony" plans to branch out as a trainer possibly at the close of the summer. While most of the jockeys think a horse is just something to ride McAtee knows thoroughbreds. He will make a great trainer just as he made a great rider.

Malt Tonic Must Have 18 Per Cent Solid Content Now

(BULLETIN)  
WASHINGTON, July 13.—To make it a little more certain that bootleggers will not use malt tonic as beer, Prohibition Commissioner Doran issued orders to all distilleries today to increase the solid content of malt tonic to 18 per cent. The ruling allowing tonics to contain 2 per cent alcohol was not changed.

Breweries in Milwaukee already have announced their disfavor of the new order. They claim malt tonic containing so much solid ingredients will not be popular with the public. Malt tonic is destined for medical purposes only, Doran explained.

Boy Hit And Hurt By An Automobile  
Dominick Aven, aged 8, of 1405 Croton Avenue, is in the New Castle hospital as a result of injuries sustained Friday evening when struck by the automobile of Harold Wright, 1008 Lorain Avenue, at the ball ground on South Cascade Street. His injuries are not considered serious and he is resting easy at the hospital, where it was thought best to keep him for a few days for observation.

According to the report made to the police by Mr. Wright, he was at the game at the South Cascade ball grounds and after the game started driving his car through the grounds. The Aven boy ran in front of his machine and was knocked down. Mr. Wright stopped and picked up the boy and placed him in the machine of William Grimes, in which he was hurried to the hospital, where it was thought that his injuries were apparently not of a serious character.

## NEW YORK STOCKS

By W. S. COUSINS  
International News Service Financial Editor

NEW YORK, July 13.—Bullish enthusiasm in the stock market was kindled at the week-end by the brilliant reports of current trade and industry by the banks and business agencies, including Dun's and Bradstreet's. Business far above the regular seasonal volume in practically all lines was reported by Dun's with brilliant prospects for steel, automobiles, building, etc.

Railroad stocks boomed along spectacularly, many of the best-known stocks reaching the highest price levels in their history. New York Central at 295 showed a new gain of nearly 6 points; Atchafalaya was up 5 crossing 250 for the first time; Southern Railway gained 2 at 150 and new gains of a point of two were recorded for Katy, Chicago and Northwestern, Rock Island, New Haven, etc. Allegheny Corporation, the active holding corporation, carried its spectacular rise 4 points to above 50, completing a gain of 9 points since Monday.

American Tel and Tel crossed another mile-stone when the stocks pushed ahead 4 points to 250. International Tel mounted 3 points to 113 in a stirring advance, both stocks carrying their convertible bonds to higher price levels.

Tremendous activity was apparent in the public utility stocks, which were held back by profit taking after reaching slightly higher price levels. Public Service dropped back about 2 points to 114 1/2; Consolidated Gas 1 1/2 to 142. Standard Gas was an exception, pushing ahead in active trading to 135 1/2.

Coppers and motors were under pressure, due in part to speculative switching from these stocks to the steel and utilities. Impatient holders of the copper shares, some of whom bought stocks 30 or 40 points higher, have at least become tired of holding for the rise.

Anacosta Copper lost 4 points when the stock was thrown on the market from these quarters today, and declined to 113 1/2. Kennecott lost 2 points at 85 1/2 and American Smelting was down a point.

Motor stocks were neglected. General Motors settling down fractionally to 70 1/2, in a dull market and Chrysler fractionally higher.

United States Steel set up a new high record at 204 before yielding to profit-taking but "big steel" was well bought at 302. American Can duplicated yesterday's high price at 169 before settling off a few points at 167 1/2.

The week-end commodity markets were steady, with narrow price changes in cotton and grain.

# Urges Motorists To Get Off Road When Trouble Develops

"Don't Use Highway For Repair Shop," Warns Penna Motor Federation Head

Is Against Law And Breeds Accidents, Gable Points Out To Auto Owners

HARRISBURG, Pa., July 13.—"Don't utilize the highway as a repair shop when something goes wrong with your car. Get off to the side of the road as quickly as possible."

This timely warning to drivers was given by S. Edward Gable, president of the Pennsylvania Motor Federation, in a bulletin issued today from the headquarters here. Mr. Gable explained the provisions of the new motor code on roadside parking in Pennsylvania and urged motorists to comply with these regulations at all times. His statement follows:

"With millions of motorists on the road this summer it is obvious that converting the highway into a temporary repair shop to fix a tire or make a minor adjustment is a hazardous practice. Many motorists, however, are oblivious to this danger and also seem unaware of the fact that the State law makes them liable to arrest and fine for hogging the road in this way. When a tire goes flat, instead of pulling off the road they are content to stop on the highway and make the change. This is especially dangerous when the tire is on the left side, requiring the motorist whose car is left even partially on the road to work in the very line of traffic. This not only endangers the man changing the tire, but causes other drivers passing that way to veer to the left oftentimes onto the right of way of the car coming in the opposite direction.

"The motor code as revised by the recent Legislature makes such practices unlawful. Section 1019 provides that no person shall park any vehicle, whether attended or unattended, upon the paved or main portion of any highway, outside of a business or residence district, when it is practicable to park or leave such vehicle standing off the improved traveled

portion of such highway. In no event, the code stipulates, shall a vehicle be parked upon any highway unless a clear and unobstructed width of not less than fifteen feet shall be left free for passage of other vehicles, nor unless a clear view of the road for 200 feet in either direction is possible. These provisions, of course, do not apply to a vehicle disabled to such an extent that it is impossible to avoid stopping immediately, but even in such cases the motorist should get the disabled vehicle off the highway as rapidly as possible. Stopping on the crest of a hill or at a curve is a particularly dangerous practice, and should be avoided except in cases of extreme emergency, the Federation head stated. He also warned against the habit some drivers have of stopping on the road to test oil or to ask a motorist or pedestrian for information. "Many accidents are caused by practices such as these," he said, "while traffic is speeding along in both directions. If those who are inclined to stop on the highway will bear in mind that it is safer for themselves and for other users of the highway to pull to the side of the road when they have occasion to stop the number of accidents and near accidents from this cause will be reduced materially."

Monday, July 15, 1929; 12:15-1:30 p. m., The Castleton. Fellow Rotarian: Vice President McCullough presiding in the absence of President Frank, who is on his vacation. The speaker of the day will be Harold McCulloch, who will tell us of "Agricultural Extension Work—Its Organization and Function."

This is the same Mac that passed around cigars not long ago. The cigar kind nor for the same reason that Cole's were passed. By the way, have you seen Cole's medal? Lee McFate will celebrate his 400th consecutive meeting on Monday. More power to him.

Next week, Monday, July 22, our

meeting will be held at the Carnegie auditorium. This change is necessary on account of the convention being held at The Castleton. All you good golf players are asked to get in touch with Doc Cooper, captain of the Rotary golf team that is going to beat Butler Rotary. A UNION STATION FOR NEW CASTLE!

PORTRAITS ARE SOLD (International News Service)

LONDON, July 13.—Holbein's portrait of Edward VI. "The boy king of England," was sold for \$47,500 at the last great art sale of the season at Christie's Friday.

Holbein's three-quarter length portrait of King Henry VIII was sold for \$5,500. Both pictures were the property of the Earl of Yarborough.

I Can Truthfully Recommend Thompson's Barosma, Kidney And Liver Compound As A Fine Medicine.

I can truthfully recommend your Barosma as a fine medicine and a cure for all you claim for it. I am almost entirely free from rheumatism and my general health is greatly improved. Sincerely yours, Mrs. Susan M. Lyons, Titusville, Pa.

All druggists sell Thompson's Barosma for \$1.00 a bottle and they say if it doesn't drive the poison from your clogged up kidneys, stop back, ache or headache, or banish female ailments, money back.

If you are feeling blue and run down, no doubt your kidneys are wrong and you should not procrastinate. Hundreds probably are dying every day from kidney disease, simply because they didn't heed the danger signals.

Dizziness, specks before the eyes and that dragged down feeling are pretty sure signs of kidney trouble. Get a bottle of Thompson's Barosma, and put your kidneys in a healthy condition in a few days.

If you are troubled with constipation always take Golden Lax Tablets (25c and 50c) along with Barosma.

# ABE MARTIN On When Liquor Wuz In Ever' Home

WHEN LIQUOR WUZ PURE AN' CHEAP, AN' DRUNKENNESS WUZ UNKNOWN

Ever' now an' then some flabby, sad-faced, iron-gray feller with a baggy vest an' blue-veined nose becomes melancholy an' reminiscent an' sighs an' growls that it's too d—d bad a feller can't drink in an open saloon an' buy a drink like a gentleman. He likes to tell about the days when liquor wuz sold over the counter in grocery stores when ever' well-regulated home had liquor in the cellar an' nothin' wuz thought of. He recalls that no harvest field wuz complete without its liquor jug, an' that good, pure, honest liquor sold for 80 cents a gallon an' drunkenness wuz unheard of. "There's allus been drunkenness," declares Niles Turner, 103, "Ever' little community used to have its town drunkards. Rip Van Winkle wuz a famous drunkard long before my day. The Indians wuz great drunkards. To be sure, liquor sold as low as 25 cents a gallon. It wuz sold at grist mills, at dry goods counters, an' ever'where. I recall ther wuz a bar in the postoffice in my town. All grocery an' queensware stores specialized on good liquor, an' on Saturday nights the sidewalks would be covered with spilled hominy, an' sugar, an' cornmeal, an' sorghum. Occasionally some feller would try to git home with a set o' dishes, or a new lamp. Lawyers would fall out o' ther office windows, an' judges would walk in open coat holes. Ther wuz lots o' drunkenness among professional men, an' black eyes wuz as common as flowin' mustaches. Our leadin' attorney, Shm Lindsay, alius fell out of his office at the close o' the day, an' he one ever walked under his office windows. The 4th o' July, or any big day, wuz alius marked by drunkenness an' fist fights, but circus day wuz the day of days, an' long before the pe-rade got started drunken fellers wuz piled three deep under ever' tree in the

# Queen Mary Finds Much In New Styles That Suits Her Own Dignified Ideas

By ETHEL MARSHALL (International News Service Staff Correspondent)

LONDON, July 13.—There is so much femininity in the fashions of London and Paris this season that Queen Mary finds much to suit her own conservative and dignified style of dress.

So well do these fashions suit her that she has even allowed her skirt to be cut several inches shorter so as to conform with them.

The dress designers have launched with success three outstanding features which meet with royal approval: Longer skirts for indoors.

Coats and coats with summyer bows.

The return of the normal waist line. All these find favor with Queen Mary because they conform to the

natural line of the figure and are graceful and womanly.

This season the queen's gowns have been made with skirts four and five inches off the ground instead of only three. Court and afternoon indoor gowns are still made within an inch of the ground.

The full-length coat of crepe georgette or crepe de chine worn over a dress of the same material is a style that the queen has been favoring for several seasons and now it is the latest word of fashion in Paris. On the Rue de la Paix and in Bond street these coats are trimmed with huge cuffs of summer fur dyed to match.

In spite of the recent banishment of the waist-line, the queen has never worn a gown with either a low waist-line or straight line, though her coats have sometimes a suggestion of the fashionable low belting.

HOOPER ABANDONS (International News Service)

WASHINGTON, July 13.—President Hoover today cancelled his week end trip to his camp on the upper Rapidan river in Virginia because of reports that recent rains had made the mountain roads practically impassable.

He will hold a series of conferences with Alexander H. Legge, chairman of the new federal farm board, and Carl Williams, a member of the board, at the White House during the week end.

WASHINGTON, July 13.—Nine out of ten of America's population have had measles and about three-fourths of the population has had whooping cough.

Tapering down somewhat, the number of those who have had mumps and chicken pox come next in a report published today by the United States Public Health Service.

"In every instance the maximum fatality occurs under one year of age," the report asserted. "The fatality of measles, whooping cough and mumps decline to an almost negligible percentage by five years of age, but the decline for scarlet fever and particularly diphtheria is by no means as great as in the case of the other three diseases."
